

A Stamp-edge

NEW AUTO TITLE LAW FOR OREGON BEING ENFORCED

Protection of Owner is Aim of Legislation Passed at Last Session

PROVING EFFECTIVE

SALEM, Ore., July 25.—No law enacted within recent years affects as many of the residents of Oregon as the act enacted at the 1925 legislature for the protection of title of motor vehicles within the state through the issuance of certificates of title and evidences of registration, and to regulate the purchase, sale or other transfer of ownership of motor vehicles, declares Secretary of State Kozier.

The law went into effect July 1, and allowed only a little more than 30 days within which to make provision for its administration, while in practically every other state having a similar law six months to a year was allowed for the purpose. It has been physically impossible to provide the necessary machinery and facilities within the limited time, but it is expected that certificates of title for every motor vehicle operated in Oregon will be issued by December 1, 1925. Every motor vehicle owner in the state who has not already applied for the required certificate of title is urged to do so immediately. It is estimated that by the end of 1925 there will be between 210,000 and 215,000 motor vehicles in Oregon.

Oregon Cow Is World's Champ

INDEPENDENCE, Ore., July 28.—St. Mawes Lad's Pride, a Jersey cow owned by Harry D. Hiff of Independence, has finished a year's official test begun at 3 years, 7 months of age, with 14,243 pounds of milk and 1002.35 pounds of butterfat to her credit. Her milk averaged 7.04 per cent butter fat. With this remarkable record she becomes world's champion senior 3 year old Jersey, superseding Isaac's Jubilee Signal, owned by Frank W. Donnell of Ohio.

HELSENGFORS (P)—This year's season of the Helsingfors opera has come to an abrupt close because of a deficit of \$20,000. Despite an annual government subsidy of 600,000 Finnish francs and generous public support there has been a deficit the last few seasons.

Strahorn Visions Branch Railroad

BEND, Ore., July 28.—A Southern Pacific branch line into the first belt of the McKenzie slope, in the Deschutes National Forest, is considered probable by Robert E. Strahorn, builder of railroads, who is here with a party of Southern Pacific officials. Strahorn said the purpose of the visit was to get data on the possible tonnage in the Klamath country. The party expects to be here four or five days. They have conferred with Deschutes national forest officials.
