**Girl Gained 7 Pounds
Nine Years an Invalid**

That's just what McCoy's Cod Liver Oil Compound Tablets did for the Babcock Girl—and is doing as much for tens of thousands, thin, underweight, weak and discouraged people all over America.

These sugar coated, pleasant to take tablets should be given to children instead of the vile stomach upsetting oil itself—they surely do help the frail, delicate little ones and 60 tablets cost but 60 cents at the Star Drug Store, Underwood's Pharmacy, Whitman's Drug Co., or any real druggist anywhere in America.

Read this letter if you have a child that needs to gain health and strength.

"My little girl was stricken with infantile paralysis when she was 5 months old and was an invalid for 9 years—when I saw an ad in the paper that McCoy's Cod Liver Oil Compound Tablets would build up wasted tissues. I bought a box and she gained very slowly at first and after taking eight boxes, she gained seven pounds. Thanks to McCoy's Cod Liver Oil Compound Tablets, after trying almost everything else on the market, she is on the road to recovery and goes to school every day." Mrs. L. Babcock, Appleton, Wisconsin.

Imitations of McCoy's may be offered but be sure and ask for McCoy's, the original and genuine and if after thirty days treatment you are not delighted with results—why, get your money back.—Adv.
