SHEVLIN-HIXON ACQUIRES LARGE TIMBER ACREAGE

Chinook Timber Company Disposes of Last of Klamath Timber Holdings

\$37,000.00 IS INVOLVED

1120 Acres Located in Northeastern Port of County Purchased

With the day when they will manufacture their timber approaching closer and closer, the Shevlin-Hixon Lumber company is striving to block up and increase its Klamath timber holdings and to that end completed the purchase today of 1120 acres of timber land in the extreme north east section of the county, from the Chinook Timber company of Wisconsin.

With the sale of the Chinook holdings, the last bit of timber owned by that concern in Klamath is disposed of. From 10,000 acres ten years ago, their holdings have been gradually disposed to Glchrist, to the Brooks-Scanlon Lumber company and the Shevlin-Hixon Lumber company, until with the completion of the purchase yesterday there is nothing left.

Sale price of the timber acreage was approximately \$37,000 or approximately \$33.40 an acre. Holdings of the Shevlin-Hixon Lumber company are concentrated in the northern part of the county, where they are estimated to own over a billion feet.

The tract of timber is located just six miles south of the Deschutes-Klamath county line in the north-eastern part of the county. It includes parts of sections 26, 35 and all of section 36 of township 23 south, range 11 east.

Whether or not Shevlin-Hixon Lumber company manufactures their timber holdings in Klamath Falls depends entirely upon the construction of a line south from Bend to Odell. If this line is built, officials of the company have let it be known that their logging railroad will be extended south to tap the Klamath timber and the logs hauled back to Bend to be manufactured.

AGED PIONEER PASSES
MEDFORD, Ore., Aug. 27.—Mrs. Silas J. Day of Jacksonville, died at her home yesterday at the age of 84 years. Mrs. Day came across the plains with her parents in a covered wagon, leaving Boone county, Missouri, in 1853.

Fight Thrills Fatal To Fan

Walker Retains Title in Fast Bout In Chicago

CHICAGO, Aug. 27. (AP)—Mickey Walker, world's welterweight champion, had the better of Sator Friedman of Chicago in seven rounds of their 10 round bout at East Chicago Monday, newspapermen decided. But after Friedman, in the eighth, recovered from the effects of a knockdown in the first ten seconds of the bout, he staged a whirlwind comeback that threatened to even things up.

So thrilling were the last three rounds of milling that one spectator of the 8,500 present collapsed and died, presumably from heart disease.

A short right to the chin from Walker knocked Friedman through the ropes. But in the last two rounds, Friedman turned Walker half way around with a right to the chin.

Chinese Bandits Flee With Yankee

HARBIN, Manchuria, Aug. 27. (AP) The Manchurian bandits who are holding Dr. Harvey J. Howard, American eye specialist, of the Peking Union Medical College, for ransom, have evaded the Chinese troops who had surrounded them and have taken their prisoner by boat up the Hwachuan river, to a point 250 miles from Cuchin, in the Manchurian province of Holungkiang. This information was received here in a telegram from Rogers S. Green, general manager in Chicago of the Rockefeller Institute, who added that Manchurian troops of the Holungkiang forces are pursuing the bandits.

ATLANTA, Ga.—A gasoline tank exploded when boys built a fire around it playing Indian dance; one was killed.

Issue Report Of Crops For Past 7 Days

Cold Weather Prevails In Northwestern Counties

PORTLAND, Ore., Aug. 26.—The crop report for Oregon, for the week ending August 25, prepared by the United States department of agriculture, follows:

Cool weather prevailed most of the week in northwestern counties extending to other portions of the state toward the close of the week, culminating in heavy frost in some central and eastern localities. Rain fell over the greater part of the state Saturday and Sunday. The precipitation exceeded one inch on the southern coast, and over considerable areas elsewhere was said to be of material benefit to vegetation and to check the spread of forest fires.

Cereals: Little small grain remains to be harvested except in the more elevated districts, and threshing is well advanced. The rain caused some delay in threshing but is thought to have done little damage. Corn was somewhat improved by the rain, but in eastern counties suffered some local injury from frost. Plowing for winter wheat has been facilitated by the rain but in most sections more rain is needed.

Fruits: Late fruit will be helped by the rain. Picking of Bartlett pears is complete in some sections, and picking of Howell pears is under way. Picking and canning of evergreen blackberries are progressing.

Names of Towns Being Changed

What few ranchers and homesteaders reside along the Southern Pacific right of way from Kirk north or who inhabit that general region, are all twisted around these days, because of the juggling of names of the S. P. stations.

Morris Johnson, local real estate man, journeyed north to what he believed to be the station of Warko several days ago, near which his timber stand is located. But lo and behold! when he arrived upon the scene, everything looked familiar except the station name which had been changed to Tonkin.

Other stations that bear different monickers are: Baha, changed to Mazama; Knott changed to Chenalt; and Skookum changed to Paunina.

It is the desire of the S. P. officials to have the names of the stations reflect the character of the country in which they are located. Owing to proximity to the Indian reservation an attempt has been made to designate the stations by Indian terms.

Miss Bradbury to Teach School Here

Miss Anbra Bradbury, who has been supervisor of the public playgrounds here during the summer months, was employed by the school board yesterday to teach the sixth grade in the Riverside school.

She is the daughter of Mr. and Mrs. R. E. Bradbury.

AT LAKE OF WOODS
Mr. and Mrs. J. Percy Wells, with Mrs. Wells' sister and family, who are visiting here from Portland, left this afternoon for Lake of the Woods to spend the week-end.

NEWTONS HERE
Mr. and Mrs. A. Newton, and daughter, Miss Ruth Newton, of Malin, were business visitors in the city yesterday.

MRS. GLOVER ILL.
Mrs. J. Glover is confined to her home in the Sunset apartments with a severe attack of tonsillitis.

HORTSMAN GOOD SCOUT
The entire staff of the First National bank insist that E. H. Hortsmann of the Pacific Fruit and Produce company is one of the best sports in town, all because he yesterday hauled a fifty pound watermelon down to the bank just at closing hour, to treat the staff. This morning the janitor at the bank was kept busy picking up seeds off the floor in the office of the bookkeeping department.

RETURNING SATURDAY
R. B. Amcke and G. B. Fife of the Falls Mercantile are returning from San Francisco on Saturday. In the southern city they have been attending "buyers week."

VISITING DAUGHTER
Mr. and Mrs. F. Beatty, of Cottage Grove, are the guests of their daughter, Miss Francis Beatty.

Renovation Clean-Up

We have just completed the redecoration and renovation of the interior of our store and we are so proud of the looks of it that we want you to be sure to come in and look it over. Now that we have finished with the store itself we are turning our attention to the stock and to see that it is cleaned up and all the odds and ends disposed of, we are making some startling reductions in every line.

PORTLAND AND KLAMATH FALLS, OREGON

Jurors Probing Prison Escape

SALEM, Ore., Aug. 27.—The Marion county grand jury examining into the charges of murder against Tom Murray, Ellsworth Kelley and James Wilcox, convicts who killed two guards in shooting their way out of the state penitentiary, may report some time Friday but probably not until Saturday, it was stated when adjournment was taken for lunch this noon.

The jury is delving thoroughly into all of the evidence bearing break and the shooting of the guards, and before it reports it is said will have examined more than 30 witnesses.

MR. AND MRS. HAWKINS

Mr. and Mrs. Dale Hawkins, of Cottage Grove, arrived in the city last evening from their home to visit with relatives and friends for the coming fortnight. Mrs. Hawkins is a sister of Mrs. Docia Norris.

HARD TIME DANCE

Galloway's orchestra are giving a hard time dance tonight at Moose hall to which a large number of young people are planning to come in "hard times" costumes.

COAL PLAYS BIG POLITICAL PART

BERLIN, Aug. 22. (AP)—Coal still rises in Europe as an important political factor, being involved in many of the political and economic negotiations between the nations. Around it revolve many problems of industry, unemployment and diplomacy, with Germany, France, Poland, England and the Saar district all affected to a greater or less extent.

Recently coal proved the most important factor of a German-Polish controversy. Poland insists upon Germany taking a monthly allotment of 350,000 tons of Polish coal, whereas the German government has emphatically fixed the maximum of Polish coal imports at 100,000 tons.

The semi-official Deutsche Diplomatische Correspondenz pointed out recently the significance of coal as a political factor and cited how, in the economic negotiations between France and Germany that commodity had become the central object for consideration how the problem of the Saar coal mines, the deliveries of war reparations coal, the

growing importance of German coal in solving the acute ironore problem of the Lorraine mines, and many other similar developments all tended to place coal in the center of political discussions.

Unemployment in England has been attributed here, to a considerable extent, to the reaction that set in after their period of coal prosperity, enjoyed while competing fields in Germany's Ruhr district were involved in settlement of war reparations.

LELAND WILLITS HERE

Receives Promotion With Shell Oil Company
Leland Willits, salesman with the Shell Oil Company, having been located at Macdoel, arrived in the city last evening to take up his duties with the company here, having been promoted and transferred here. Mr. Willits is the brother of Mrs. Docia Norris of this city.

RANNEY HERE

W. W. Ranney is among the ranchers in the city today from Merrill.

BROTHERTON BACK

Alfred Brotherton, surveyor with the Klamath Development company, who has been working for the company at Lakeview, returned to the city last evening.

NURMI NOW A KNIGHT

HELINGFORS.—(P)—Paavo Nurmi, the champion distance runner, is now a Finnish knight and the possessor of the Order of the White Rose. These honors were conferred upon the athlete by President Relander upon Nurmi's return from America and were in recognition of his advancement of Finnish interests through his athletic prowess.

LANG SUCCEUMS TO MOVIES

OBERRAMMERGAU, (P)—Anton Lang the famous Christ impersonator of the Passion Play, has as last succumbed to the offers of a film company. Standing in his workshop he was filmed as one of the principal characters in a local film.

Don't worry if you haven't heard of all the great men. Chances are they haven't heard of you either.

Rev. Miller Will Continue Revival

(Contributed)
Dr. Garr, who for the past month has been conducting Everybody's evangelistic meetings in the arena at Klamath avenue and Ninth street, and later in the White Pelican theater, preached his last sermon Monday evening. The theatre was packed for this farewell service. At the close of the service Dr. Garr prayed for many that were sick. One woman who had eczema since a child and which the doctors had pronounced incurable, testified that she had been absolutely healed, while many others testified to having been healed from other ailments. It was evident that the large crowd was in full sympathy with the evangelist. Dr. Garr will rest awhile at Trail on the Rogue river and then return to southern California, where some large campaigns are awaiting him.

Rev. Miller will carry on the work at the theatre. Every Monday evening will be healing service, when the sick will be prayed for.

STOCKHOLM — The Lapp's reindeer have been attacked by the hoof and mouth disease.
