CARNATIONS USED AS BAIT FOR RATS IN LOS ANGELES
LOS ANGELES. (AP)—The fragrant garden variety of carnations, used as bait, has proved far more irresistible than cheese to the rat population of the Hall of Records and the court house buildings here.

Discovery was made recently by L. C. Robinson, chief janitor of the two buildings, after several weeks of investigation, that rats have a liking for carnations. Through the use of the flowers as bait in traps large numbers of the rodents, which gradually were reducing hundreds of law and record books to a sad state of dilapidation, were exterminated.

CONTEST IN DOUBT

Steek, democrat, is to occupy hereafter the senate seat from Iowa now held by the former, will hang upon the verdict pronounced by the senate itself on the validity of more than 7500 ballots which have been challenged and laid aside during the recount here.
