## No Axe to Grind

Perhaps your tire problem has to do with air pressures; perhaps you wonder whether you should equip with low-pressure tires of standard size, or balloons.

We are in a position to advise you fairly and without prejudice because Racine builds—and we sell—both kinds.

Moreover, both kinds equally uphold RACINE'S reputation for building first-quality products only.

### "Pirates of Penzance" Rehearsals Are Good

Rehearsals for "The Pirates of Penzance" now in preparation by the Kiwanis club for the fair night show are progressing remarkably well. In fact, they are so good that they are beginning to worry Director Hazelrigg.

"I wish these folks would put up a real bad rehearsal and get it out of their systems," he said. "I would like to see one bad performance before the actual show is staged. So far they have been so good they scare me. You know, it is a superstition in the show business that if you don't have one or two bad rehearsals the performance itself will be bad, and all old troopers like one bad dress rehearsal."

Last night Elmer Balsiger and his bunch of 15 policemen had a special rehearsal of music and business, and acquitted themselves even better than Director Hazelrigg had anticipated.

### Local Man Back From California to Cure Malaria

Another Klamath man has returned, glad to get back to the country where a mosquito bite doesn't mean sickness.

Howard Winnard, formerly editor of The Lumberlog, returned to the city last night, malaria having forced him to give up his position with the Swain Lumber company at Oroville, Calif.

It is believed that a few months residence here will be sufficient to rid his system of the disease, one of the biggest drawbacks to life in the Oroville district, where malarial mosquitoes are plentiful.

### SLASH FIRE NEAR TOPSY REPORTED

A small slash fire was burning today near Topsy grade in the logged off section owned by the Kesterson Lumber Co., was reported today by the look out on top of Chase mountain.

Investigation revealed that the fire was placed under control and that danger to adjacent timber was eliminated.

The Kesterson mill is located in the south western part of the county.

### Training Hours at Race Track Are Set

Two more strings of running horses arrived at the Fair Grounds Friday, those of "Shorty" Cummings which have been in spring training at Gold Hill, and those of Ray Murphy, who is well known in the county, having run his string at many rodeos and County Fairs in Klamath and adjoining counties. The track presents a busy picture of flying hoofs, nervously moving ears and mettlesome steeds between the hours of 5 and 9 a. m. each morning. Superintendent Ross Aubrey, has set the hours for the various uses of the track. The first four hours of the day are for running horses; 9 to 10:30 a. m. for the harness try-outs and from 10:30 to 2 p. m. for the racing autos after Monday August 31st. It was necessary to make this particular time of day for the racing cars as the track must be dragged after each session with the speed wagon. After 4 p. m. the horsemen usually walk their strings for a mile or so, as the day begins to cool.

The fence these mornings is lined with race enthusiasts watching the work-outs of their various favorites and speculating on the changes for the winning of the purses.

### Lyle Returns From Prohibition Confab

SEATTLE, Aug. 29.—Roy C. Lyle, of Seattle, arrived home today from Washington, where he was made Pacific Northwest prohibition administrator, effective next Tuesday and announced that he would begin work with practically the same organization used by his predecessor, F. A. Hazelting.

SAN FRANCISCO.—Branno Mulden was arrested and charged with pouring a bucket full of scalding oil down a cargo hatchway under which Captain Joe Soderry of the freighter Albert Jeffries was standing. The captain was seriously injured.
