

RELIEF FOR ITCHING GUN FINGER SEEN IN OPENING OF DEER SEASON SEPT. 10

The peculiar twitching of the right forefinger that comes with the cooler days of approaching autumn is very much in evidence among the most enthusiastic nimrods these days.

Physicians are recommending about three weeks of hard work at the office to be followed by large doses of outing trips to the hills, believing that a good application of venison applied on the quaking digit will contribute to the alleviation of its condition.

Directions for taking these treatments are outlined more specifically in a digest of the State game laws as follows:

The open season on game animals and game birds in District No. 2, of the State of Oregon shall be as follows:

Deer with horns, open season from September 10 to October 29 of each year. Bag limit of such deer, two during any one season.

Ducks (except wood ducks and elder ducks (geese, rails, coots, Wilson snipe or jacksnipe and greater or lesser yellowlegs, open season from October 1 to January 15, of each year. Bag limit, 25, of such birds in any one day and not to exceed 30 of such birds in any seven consecutive days.

There shall be no open season on sage hens and prairie chickens in the State of Oregon until 1930.

Blue or cavity grouse, ruffed grouse or native pheasant, open season from September 10 to October 20 of each year. Bag limit, four of any or all such birds in any one day or eight in any seven consecutive days.

There shall be no open season for mountain or plumed California or valley quail, except in Klamath and Deschutes counties, where the open season shall be from October 15 to October 31. Bag limit, eight of such birds in any seven consecutive days.

There shall be no open season on Chinese (Turquoise) pheasants in Game District No. 2 of the State of Oregon, except in Union Umatilla, Baker, Grant, Malheur, Morrow, Klamath, Hood River, Wasco, and

Wallowa, counties, where the open season for Chinese pheasants shall extend from October 15 to October 31 of each year, both days inclusive. Bag limit, four of such birds in any day, or eight during any seven consecutive days; provided that no more than two female Chinese pheasants be killed in any seven consecutive days.—Lakeview Examiner.

White Cedar Sales Increase; Timber Is Used in State

NORTH BEND, Ore.—Sales and inquiries about white cedar lumber and logs are on the increase, according to the Western White Cedar company. Many inquiries about white cedar railroad ties are being received from Japan. White cedar battery stock is moving rapidly, as is usually the case in late summer and during the fall. Battery stock prices are firm.

Much Port Orford cedar is being used for bridges and roadwork in Oregon, Coos county and Marshfield. Foreign lumber trade is expected to pick up next month as four Japanese ships will arrive in the harbor to load cedar and fir lumber and logs. Scheduled arrivals are: Hakushika Maru, September 3; Hokkoh Maru, September 20 and the Hakutatsu Maru, September 20.

BERKELEY, Calif.—Helen Wills, arrived from the east with two national women's tennis titles. She is to enter her sophomore year at the University of California.

Gorgeous Georges

The "Beau Brummel of Flisiana," as he is depicted in the role of daddy, the smiling little miss being Jacqueline, his daughter. For those in need of an introduction he is Georges Carpentier, the great French idol.

CHILOQUIN

Mr. and Mrs. Cyril Benson, Mr. and Mrs. J. L. Buell left Monday for a ten day trip in Coos county.

Mrs. John Copeland and daughter Marguerite, were Chiloquin visitors Tuesday.

Mr. and Mrs. D. Cramblit returned Tuesday after several weeks vacation spent at Crater Lake, Diamond Lake and the buckberry patch. Mr. Cramblit is principal of the Chiloquin public school.

Mr. and Mrs. J. Goldthwaite and family left Wednesday for Menlo Park, Calif., where they will make their future home. Mr. Goldthwaite has been connected with the Modoc Lumber Co. for a number of years and did much to open up and develop the timber industry in Klamath.

Dr. A. A. Soule and family were guests of Mrs. John Hessig Tuesday. Dr. Soule was called to attend Mrs. Minnie Hough, who was taken seriously ill with a heart attack.

Misses Lauritsen, Carlson and Brown returned Wednesday from a trip to Huckleberry mountain. They brought back a nice lot of unusually large berries.

The Chiloquin Review will have its first issue September 1. The building is now completed and all power equipment installed. The Chiloquin Review will be issued weekly.

Fred Peterson was in Chiloquin on Tuesday attending to school matters.

The Chiloquin Commercial club held its weekly meeting at the Chiloquin cafe.

Much dissatisfaction is evinced by the parents and school patrons over the condition of the road between Chiloquin and Braymill. With the beginning of school a bus will be put in service to transport the children to school and the road is not only rough but unsafe and dangerous. It is to be hoped that the county court will give this their immediate attention and put the road in good condition.

Mr. and Mrs. G. W. Brown were in Klamath Falls Thursday on business matters. The concrete basement of their store building on Main street is completed and brick work will start next week.

The one room addition to the public school is almost completed. This will relieve the congested condition of the school which existed last year, as well as adding much to the appearance of the building.

L. H. Lauritsen has just completed

a new building on Chockatook street. This building has been leased to Chong Kee of San Francisco for a period of ten years, for the purpose of conducting a hand laundry.

Mrs. Viola Page accompanied by her daughter, Mrs. Will Page, was a Chiloquin visitor Thursday.

Mrs. Minnie Hough, who had an acute attack of heart trouble Tuesday, is improving.

Rehearsals of the play to be given by the Community club will start on September 7.

The P. T. A. have their first meeting September 8. All interested in school work are invited to be present. There will also be the annual election of officers.

A large number of the Indian children leave Saturday for Chemawa and Sherman institute where they have enrolled for the coming school year.

The next meeting of the Woman's Community club will be held at the home of Mrs. John Hessig on Thursday, September 3, at 2:30. All members are invited to be present.

George Coulter has been painting some very attractive signs for the various business houses. He has offices in the old Glenger building.

LAUGH THIS OFF

Blowhard—"I ain't saw Bill since his wife went to Europe."

Englishman—"My word, good fellow. Don't you know the king's English?"

Blowhard—"Sure. So is the prince of Wales."

FRENCH MALE JOURNALISTS DENY WOMEN ADMISSION TO PRESS CLUB

PARIS.—(P)—The latest defeat suffered by women seeking equal rights, privileges and treatment with men, has come from newspaper men who have refused to admit feminine co-workers as members of their press club, which is a statewide institution.

Although French newspapers as a whole support women's rights in general, the attempt by women journalists to obtain the right of joining the press club has been steadily frustrated for years. The question came before a general meeting of the club and the admission of women was defeated by 75 votes against 48.

TENNANT ITEMS

C. W. Murphy, camp superintendent, and J. B. Woods, forestry engineer, left Tuesday for Klamath Falls, on returning Thursday evening and were accompanied by M. B. Nelson, of Kansas City, Mo., President of the Long-Bell Co., J. D. Tennant of Kansas City, Mo., Vice Pres., W. F. Ryder of Beaumont, Texas, Douglas Tennant, son of J. D. Tennant, Mr. Tennant's assistant, Frank King, of Longview, Wash., timber cruiser, and J. M. White, of Weed, manager of the Weed Lumber Co., and other Long-Bell interests in northern California. These gentlemen are here on business, looking over the timber, camps and other Long-Bell Co. interests. They expect to leave for Weed, California, Saturday.

The ball game Sunday between Malin and Tennant was a hard fought game, at the close the score stood 3 to 2 in favor of Malin.

Mrs. Hernie Foster, Mrs. James Foster and Miss Florence Murphy, all of Klamath Falls, Ore., spent Sunday with Mrs. H. Foster's parents, Mr. and Mrs. C. W. Murphy, and Miss Murphy's parents, Mr. and Mrs. J. J. Murphy.

Born, August 24, to Mr. and Mrs. Wade Perry a daughter.

Mrs. Margie Swango and daughter Jan-Annette, who have been visiting her sister at Burney, Calif., spent Saturday and Sunday with Mrs. Clay Parker, leaving for Klamath Falls Sunday evening.

Mr. and Mrs. J. B. McLaughlin, of Weed, Calif., spent Sunday with their daughter, Mrs. Geo. Murphy.

Mr. and Mrs. H. J. Templeton returned Wednesday from a two weeks outing at Clear Lake, Calif. Mrs. Templeton's mother and brother, Mrs. Beulah Haskett and master Jack Haskett, of Pasadena, Calif., returned with them for a few weeks visit.

Mr. and Mrs. H. Hickey and Mrs. Hickey's mother, Mrs. Allison, of San Francisco, Calif., arrived in camp Wednesday evening and are visiting at the home of Mr. and Mrs. F. M. Pilon. They will remain about ten days.

Mr. and Mrs. H. C. Pries, and A. MacAlpine, of Los Angeles, Calif., spent Thursday and Thursday night with Mr. and Mrs. Dale Beeson. Mr. Pries used to be in the employ of the Long-Bell Co., but at present is a lumber salesman. They left Friday morning for Klamath Falls.

Mrs. J. J. Murphy and daughters Ivy and Pauline, who have been in camp the past six weeks left Tuesday for their home at Weed, where Miss Ivy will attend high school.

Dr. and Mrs. F. S. Ford returned Wednesday from a seven weeks trip in southern California. Dr. Ford is pastor of the Wildwood Christian church here, and is prepared to take up his work again after a much needed rest and vacation.

Dr. Joseph Sandie gave a private musical recital for his pupils Friday evening at his home. Those present and taking part were Mrs. R. B. Hawkins and daughter Harmon, Elizabeth and Evelyn Hatfield, Lenora Kink, Elizabeth Gholson, Hazel McDonald, and Adele Davis. After a brilliant feast of music, Mrs. Sandie served lovely refreshments.

The dance Friday under the management of W. D. Vance was a very successful affair not only from a financial standpoint but a most delightful evening's entertainment.

Mr. and Mrs. Merton Crane received the prize for the best waltzers.

The music was all home talent with the exception of a saxophone player from Klamath Falls. A lovely lunch was served at midnight and all were loud in their praise to Mr. Vance for his good management. Delightful music and an all around good time. Every one hopes he will continue these dances.

Two County Courts Approve Toll Road

PORTLAND, Sept. 2.—The county courts of Tillamook and Washington, in a special session at Hillsboro yesterday approved the draft of a franchise and contract for a toll road short cut to Tillamook from Portland.

The approval of the franchise and the contract was sent to the state highway commission with all the signatures of the two county courts attached and requested the commission to make an early decision. The two counties are willing to consider any changes or amendments or alterations that the commission may desire. The petition for the franchise and contract was presented to the commission last week by E. M. Chandler and A. F. Beals.

FRESNO.—William W. Wilcox, 22, who posed as a traffic officer and arrested a young woman for the purpose of taking her on an automobile ride, told the court, when he had been apprehended, that all evidence against him was true and that he wanted to be on his way to prison before night.

LUMBER COURSE POPULAR; 25 MORE NOW OPEN; LIST OF SUBJECTS IS OUTLINED

Evidence of the popularity of the correspondence course in lumber offered by The Lumberlogue through the courtesy of the National Lumber Manufacturers' association is seen in the fact that each month more than the available number of free courses have been applied for by local men.

Early in the year through special arrangement with the association, the Lumberlogue was enabled to offer 25 courses per month. Since that first announcement there has always been a surplus of names to be carried forward from one month to another. Due to this fact, little publicity has been given the matter during the past month, as a result of which the full quota of 25 courses for September is open.

Those interested, who wish to acquaint themselves with the fundamentals of many angles of the lumber game with which they would not otherwise be given an opportunity to become familiar, are requested to send in their names to the Lumberlogue without delay.

Heretofore these courses have been sent to correspondents in installments. Announcement recently received from officials of the lumber association advises that where desired these courses may be sent in their entirety.

In your letter of application, be sure to state which you prefer—whether you want the lessons all in one bundle or separately.

These courses cost thousands of dollars to prepare and are the result of thought and work on the part of men who know what they are writing about. Most of the lessons are profusely illustrated.

An idea of the thoroughness with which the subjects are taken up may be obtained from the following table, covering the course:

1. The Structure of Timber—Plate I. (Diagrams showing appearance of different varieties of grain in sections.) \*Supplement on "Commercially Important Trees of the United States." Glossary, for the entire course of 16 letters. Where additional information may be obtained.
2. Defects and Physical Properties of Lumber (Part I); Grading Rules (Part II)—Tabulated Grading rules for White Pine, Hemlock, Douglas Fir and Southern Pine. Questions on Letter II.
3. Projections and Plan Reading Plate II (Projections). (Insert) Working Drawings for a Two Flat Lumber Building.
4. Projections and Plan Reading—(Continued)—Plate III (Projections). \*Supplement containing "A Lumber Bill for Two Flat Lumber Building and a Complete Schedule of Millwork."
5. Projections and Plan Reading. (Continued)—Questions on Letters III, IV and V. \*Supplement—"Working Drawings for a Five Room House of Lumber Construction."
6. Construction Details—Plate IV (Construction Details). Questions on Letter VI.
7. Specifications—Types of Construction—Plates V, VI and VII

(Construction Details). Questions on Letter VII.

8. Estimating and Rules for Taking Off Quantities—Questions on Letter VIII. \*Supplements—"Quantities of Material for Estimating Concrete and Brick," "Useful Tables for Estimators," "Lumber Bill for Two Flat Lumber Building," "Condensed Rules for Estimating Work Other than Lumber."

9. Planning and Designing—Plate VIII (Designs). Questions on Letter IX.

10. Figuring Stresses and Sizes—Questions on Letter X. \*Supplement Information and Formulae necessary to a more complete knowledge and practical application of the subject.

11. Fair Restative Construction—Plates showing "Stucco on Metal Lath over Sheathed Construction" and "Back Plastered Metal Lath Stucco Construction." Questions answered on Letter XI. \*Supplement—A Summary of the Underwriters' Laboratory Report on Tests on Metal Lath and Plaster and Lumber Construction.

12. Preservation of Lumber—

13. Shingles—Tabulation of Grading Rules of Red Cedar, Cypress and Redwood shingles. Questions on Letters XII and XIII.

14. Sales Talk for the Retailer—

15. Merchandising—

16. Heavy Timber Construction—\*Supplement—"Fire Safe Industrial Buildings," published by the National Association.

\*Supplements sent only on request.

K. & C. Cut To Reach About Six Million

This year's cut of the K. & C. lumber company will reach about six million feet, according to officials of the company. The yards now contain about 5,000,000 feet, cut this season. The entire cut will go to the Associated Lumber and Box company at Dorris, as in the past four years.

The mill this year has averaged a little more than 48,000 feet per shift, an increase of about 6,000 feet per day over former years.

The K. & C. Lumber company is an Oregon concern, built in the fall of 1919. Formerly a co-partnership, operated by G. H. Kesterson and H. Croissant, this spring it passed wholly into the hands of Croissant when Kesterson retired. Croissant is now the manager and sole owner of the plant.
