

Learn All About Good WASHERS

In this day of rapid progress and keen competition, giant manufacturing concerns are presenting strong, and in many instances, well sustained claims for the superiority of their product.

True Worth Must Be Determined

Those who have not already purchased a washer, will do well to heed the claims of each, learn its true worth and performance, then buy the one that gives the best service.

Housewives of Jackson, Josephine and Klamath Counties Have Made the Test

They have inspected several different makes of washers, permitting each to prove its claims, and at last, as you eventually will, have signaled out the

(Note—This is only a partial list of Maytag owners in this district)

THIS IS A RECORD UNPARALLELED IN SOUTHERN OREGON, AND IS DECIDEDLY SIGNIFICANT WHEN IT IS CONSIDERED THAT THE MAYTAG HAS BEEN IN DIRECT COMPETITION WITH THE BEST OF OTHER MAKES.

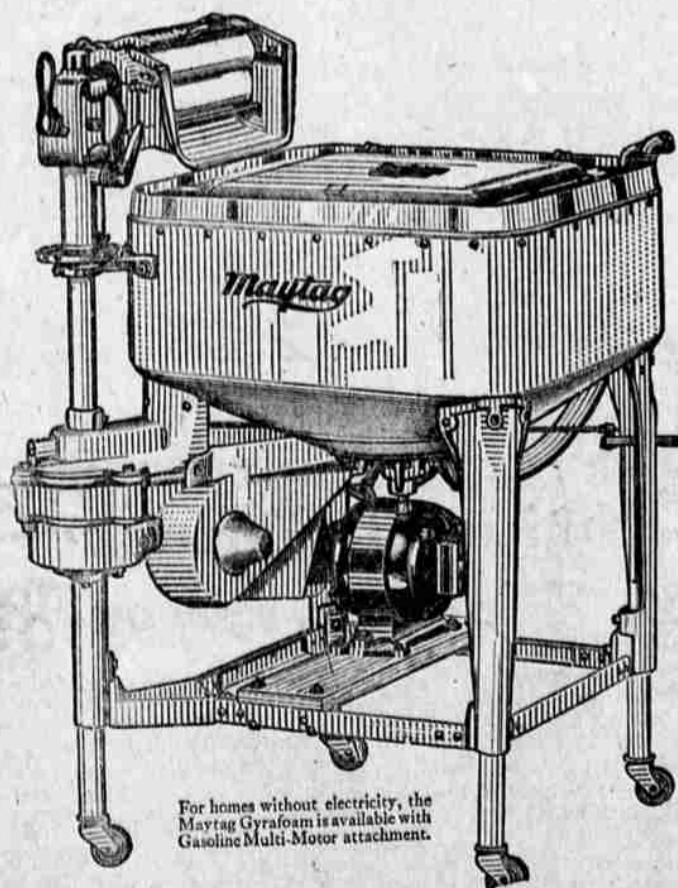

More Than 150 MAYTAGS Have Been Sold

During the Past Four Months

The unsurpassed performance of the Maytag—its ability to wash quickly and thoroughly—even to the wristbands and collars of wearing apparel—and the masterly manner in which it cleanses both the lightest and heaviest materials, sold itself to the women noted above. It will sell itself to you.

Let us place a Maytag in your home. Wash with it once, twice, three times if you desire, and if it does not sell itself to you, we will gladly remove it without any obligation to you whatever—if you will let us.

NOTE:—Don't buy it, however, until you have tried some of the other leading makes and convinced yourself beyond a shadow of a doubt that the Maytag is the world's leading washer.

For homes without electricity, the Maytag Gyrofoam is available with Gasoline Multi-Motor attachment.

9 Outstanding

Maytag Features

- 1—Washes faster. The Gyrofoam Principle creates a more highly energized, turbulent and continuously effective water action. No idle water.
- 2—Washes cleaner. The Gyrofoam Principle mixes the soap evenly through the water, and forces the super-cleansing soapier washing solution through the meshes of the clothes. No idle suds.
- 3—Larger hourly capacity in world—50 lbs. ordinary family wash per hour.
- 4—Most compact washer made—takes floor space only 25 inches square.
- 5—Cast aluminum tub—can't warp, rust, rot, swell, split nor corrode.
- 6—Easily adjusted to YOUR height, and height of tubs.
- 7—Clothes can be put in or taken out while washer is running.
- 8—Tub cleans itself in 30 seconds.
- 9—Metal swinging wringer. Low Swings into 7 positions. Adjusts itself automatically for handkerchiefs or blankets. Automatic drain-board. Instant tension-release. All parts enclosed.
