Epperson Got All News of Rescue of Lost Naval Fliers

Probably the first man in Klamath Falls to receive word over the radio of the rescue Thursday night of the naval fliers off Hawaii was A. B. Epperson, owner of a radio shop in this city.

Mr. Epperson was tuned in on a San Francisco broadcasting station when the first flash came over the air. He stayed with the radio throughout the evening, picking up other bits of news from the best fliers who had been found.

Graham Brothers Make Another Cut

Announcement of a reduction of \$100.00 in the price of Graham Brothers one-ton truck, effective September 9th, has been received by H. S. Wakefield, local Dodge Brothers dealer.

"So substantial a reduction in the price of this popular one-ton truck, coming less than four months after the announcement of a previous reduction of \$80.00," says Mr. Graham, "is in line with previous assurances that the truck buyer will always benefit equally with Graham Brothers in every economy effected through increased production."

"Graham Brothers, now first in the world as exclusive manufacturers of motor trucks, are able to make this second reduction and at the same time to make even further improvements in the quality of their trucks."

"In addition to their greatly increased production—their production for the first six months of 1925 was equal to the entire output of 1924—the enlarged and improved facilities afforded by the new factory into which Graham Brothers moved July 1 have aided greatly in making possible these reductions in manufacturing cost."
