1-Ton  
Truck**

for Economical Transportation

Chassis Only \$550 f. o. b. Flint, Mich.

The Chevrolet chassis may be fitted with a wide variety of bodies, suitable for any industry, including such styles of bodies as Panel Delivery, Stake, Open Express, Canopy Express, Bus, Dump and Tank.

Large 30" x 5" tires on front wheels only \$35 extra. See us today regarding a style of truck to fit your particular needs.

Chevrolet introduces a new one-ton truck, built according to the fundamental policy of this company to provide "Quality at Low Cost".

It has a fine appearance and is specially designed and constructed for commercial service. Its deep 6-inch channel steel frame, hung low to the ground on long semi-elliptic springs, allows the platforms to be placed at the right height for easy loading and unloading.

The powerful Chevrolet motor is famous for its ability to stand up under heavy service. It has well balanced crankshaft thoroughly lubricated, standard 3-speed transmission, fully enclosed dry-plate disc clutch, extra heavy rear axle with large spiral bevel driving gears and rigid one-piece pressed steel housing, heavy truck-type wheels and large tires, full running boards and fenders, Remy generator, starter and distributor ignition, and other quality features.

This truck is not only well adapted to city work but also for use in hilly country and over difficult roads.

For lighter loads there is a Chevrolet commercial 1/2 ton chassis possessing the same quality features, price \$425 f. o. b. Flint, Michigan.
