COMPLETE CHANGE OF IRISH EDUCATION SYSTEM INTIMATED

DUBLIN.—(P)—Alteration of the entire education system of the Irish Free State in order that Irish eventually would become the spoken language of the country is a plan which Prof. John MacNeill, minister of education, has in mind. He referred to this intention recently while addressing teachers attending Irish classes at Kilkree, Clare, saying the proposed changes would affect all educational institutions—from primary schools to universities.

LEAGUE OFFICIAL SEES PEACE MENACE IN ECONOMIC FACTOR

CAMBRIDGE, Eng.—(P)—Speaking recently, Sir Arthur Salter, director of the economic and finance section of the League of Nations, said that of the four main causes of war—dynastic, religious, political and economic—the last alone was likely to become continually more serious.

In the future, he said, the chief pre-occupation of the bulk of mankind would be a struggle for the means of life. Monopolistic or even preferential exploitation of supplies of raw material might at any moment threaten serious danger. The most dangerous word was "oil".

The inevitable struggle for markets he declared would threaten peace in proportion as the power of armed governments was associated in the struggle, and intervened to secure unequal or preferential conditions proportionate to their strength.

If peace was to be preserved, Sir Arthur said, the armed power of governments must be more and more dissociated from the economic struggle. Discriminating and varying tariffs, used as a counterpart of general foreign policy, meant playing with fire. The main principles of economic and commercial policy should be internationalized.

BERLIN.—The police had to save the manager of a movie theatre from being mobbed by 1,000 women who answered an add for sixty presentable ladies. Trouble started when he said he would consider only bobbed haired girls who would dress as pages.

SAN FRANCISCO.—George A. Putnam, secretary of the San Francisco baseball club, announced that the Seals will meet the Louisville club, champions of the American Association in a "little world series" if the Seals win the coast league flag.

Different It is seldom enough that fashion allows us any latitude in hats, but here is a concession. Instead of the tiny brim we have a broad one of white clipped ostrich, and a good-sized crown of black velvet. It requires a very fair complexion of its wearer.
