THREE BILLIONS FOR VACATION

The vacation cost of the citizens of the United States for 1925 reaches the enormous figure of three billion dollars in cash. These figures, obtained from the best available records, give one an idea of how approximately thirty million persons took time off from their daily labors to play.

The Interstate Commerce Commission received monthly reports from the railroads throughout the country and these reports indicated that passenger traffic during this summer was considerably above the average of previous years. These reports indicated that the transcontinental travel was particularly heavy and that reservations for berths in Pullman cars were hard to obtain unless spoken for some time in advance. The great national parks, California and Florida, were visited by large throngs this year than ever before, while the summer resorts on both the Atlantic and Pacific coasts have enjoyed a more prosperous season than even the most optimistic hotel keeper expected.

In addition to the summer resorts on the coasts and the mountain play places, the tourist camps for automobilists all over the nation were filled to overflowing. It is estimated that more people took long motor trips than ever before.

Tree Spotting on Pine Stand Begins

Forest rangers, trained in pine beetle control work, are today combing the Yawkey tract of timber in an effort to detect all infested trees before actual control work begins.

Within the next week, the control camp, consisting of 15 men will be established in the tract, just north of Port Klamath and near the boundary of Crater lake.

It is thought that the control work will be completed before snow makes work impractical.

SCION OF TYROLESE PATRIOT LIVING IN NEAR-POVERTY

VIENNA. —(P)—The great-granddaughter of Andreas Hofer, the Tyrolese leader who was executed by Napoleon's order in 1810, is living in Vienna in very reduced circumstances. As her pension is a very small one, friends have published on her behalf an appeal for aid. It resulted in an offer from the Andre Hofer concern at Parach of an additional pension of about \$14 each month for life.
