#### Women Who Age

All welcome to this test By Edna Wallace Hopper. At a grandmother's age, I keep my youthful bloom and contour. The thousands who see me daily on the stage and elsewhere know that I look 19.

This is due to factors science made for me, and one is my White Youth Clay. This is a new-type, white, refined and dainty. It is nothing like the crude and muddy clays so many have employed.

It combines two clays with other needed factors. The clays are clean and white. This is a dainty application of scientific study.

White Youth Clay purges the skin of all that clogs and mars it. It removes the causes of blackheads and blemishes. It draws the blood to the skin to nourish and revive it. The result is a rosy afterglow which amazes and delights.

It combats all lines and wrinkles, reduces enlarged pores. Many women seem to drop ten years with a single application.

Clay is a beauty essential. No woman can look her best without it, or keep her youth. In all the ages none have found a beauty help to compare with clay.

Now clay is made inviting. It is made to combine added helps. Whatever other clay you may have tried, you owe yourself a test of this new type.

Edna Wallace Hopper's White Youth Clay is supplied by all drug-chains and toilet counters, at 50c and \$1. Send coupon for trial tube. Let it show what it does.
