

### Requests Source of Information On Oregon Trunk

Where did Mayor Anderson of Merrill get his information that the Northern lines have announced they did not want to go any farther than Klamath Falls?

This is the pointed question asked of the Merrill executive in a letter addressed to him today by A. M. Thomas, secretary of the Klamath Irrigation district.

The letter follows: Mayor Anderson, Merrill, Oregon.

Dear Sir: You have been quoted at least once, and I think twice, in the public press recently as having made the following statement:

"The Northern lines have said they didn't want to go any further aron Klamath Falls."

I am writing to ask, first, if this quoted statement is correct, or if you have been misquoted; second, if it correct, that you publish when and where and by what Northern Lines official this statement was made; third, that if you have been misquoted, you give that fact the same publicity the misquotation received.

My interest in this is the same as yours, to get for our point communities the rail facilities it so vitally needs.

Yours very truly, A. M. THOMAS.

### Principal Jackson Urges Support of Local High School

Closer contact with the high school students was urged by Paul T. Jackson, principal, who spoke before the chamber of commerce members' forum, today noon. With Principal Jackson were all members of the high school faculty, 10 in all.

Mr. Jackson said that only way in which the contact could be obtained was through support of the athletic activities of the school. He said there would be four football games here this fall and an equal number of basketball games during the winter and he urged a large attendance at these contests.

"We want you also to visit the school and see what we are doing," he said. "Each of the 400 students has his or her own individual problems and we want the fathers and mothers to feel free to come to us at any time to consult with us. We want you to feel that each member of the faculty has a personal interest in each student and is anxious and willing to get cooperation from the parents."

Miss Eloise McPherson, music teacher in the high school, sang a couple of pleasing solos, accompanied by Miss Vera Houston. Tom Delzell presided as chairman.

### BROUGHT RELIEF AFTER 2 YEARS SUFFERING

"The makers of Tanlac will always have my warmest thanks, for I don't consider it any exaggeration to say I owe my life and present good health to Tanlac," is the striking statement of Andrew Groeschler, Bremen.

"Words simply can't express the misery I endured for 2 years from indigestion. At times gas pains would catch me around the heart and almost cut off my breath. These awful pains would last two and three hours. My nerves were all unstrung. I slept poorly and got in such a bad way that my days seemed to be shortening rapidly. "I tried everything, but disappointment was my only reward until I began taking Tanlac. I have been taking Tanlac off and on for a year now and feel so different that there's no room for comparison. I eat good and sleep good and feel that Tanlac has given me a new lease on life."

Tanlac is for sale by all good druggists. Accept no substitute.

Tanlac Vegetable Pills recommended by the manufacturers of Tanlac.

### FORMERLY LIVED HERE

John (Shine) Edwards, former local resident, held by the Sacramento, California police in connection with a sensational holdup of a movie theatre a week ago, was released from custody Saturday, after being held for investigation. It developed that the auto owned by Edwards and used by the bandits was stolen from his parking place. Mr. and Mrs. James (Shine) Edwards, also detained for questioning were released. The "Shine" boys are well known in this city and county, where they lived for years, and until six months ago were residents of Klamath Falls.—Medford Tribune.

### WANTS \$2,000

James Ingles has filed action in circuit court against Dr. O. A. Olson, local dentist, seeking \$2,000 in general damages and \$67 in local damages, charging that a bad job was done on the pulling of nine teeth.

He avers that the dentist carelessly and negligently handled the extraction of the teeth by not properly preparing the teeth for removal, by not properly applying his instruments and forceps and by not carefully and properly pulling them. He asserts the dentist so handled the job in attempting to pull the teeth and he broke and crushed the crown and severed the crown of each from the roots and lower portions and allowed the roots to remain in their place, though he stated and represented to the plaintiff that all of his teeth had been entirely and completely removed.—Salem Journal.
