A Word About Our Company

You, as a resident of Klamath Falls, especially if you are a car owner, should be interested in knowing something about the individuals and policies of the Western Auto Supply Company. A few short years ago, “Western Auto” opened its first store on the Pacific Coast. From this humble beginning has grown the largest organization of its kind in the world, operating 125 stores, located in the leading cities of nine western states.

The motorists of the West were quick to realize the many advantages of buying at “Western Auto.” They were quick to sense the security of doing business with a store that guarantees satisfaction. They were quick to appreciate the savings which “Western Auto” offered them. They knew that “Western Auto” carries a complete stock of dependable Accessories, Supplies and Parts. They learned to look upon the “Western Auto” salesmen and managers as their friends—men that they could trust—men always ready and happy to serve in the full meaning of our slogan, “Saving and Service with a Smile.”

Last year five million individual sales were made in “Western Auto” stores. You will better understand the reasons for “Western Auto's” tremendous growth and the reasons why so many motorists have designated their “Western Auto” store as “Auto Supply Headquarters.” If you will visit our new store on Seventh Street and make the acquaintance of Mr. Keefe, our store manager. He will take pleasure in showing you around.
