PEN-POINT PICTURE OF RANCH REQUIRES FIVE MONTHS' WORK. KESLO, Wash.—(AP)—A pen-point picture of a scene at old Monticello, pioneer settlement on the Cowlitz river, near here, has been completed by D. ### LETTER CARRIERS TO MARK ROUTE OF OLDEST RURAL MAIL DELIVERY

HOPE, Ind.—(AP)—The Indiana Rural Letter Carriers' Association has planned to erect a monument to mark the site of the oldest rural free mail delivery in the United States, which was started 29 years ago.

Two experimental routes were started a year before the Hope project, but they have been abandoned, while the route out of here has been continued without interruption.

Not a record is available in the Hope postoffice that establishes the exact date of starting the route. All postmasters who knew the story are dead and Raleigh Norman, the first carrier, was killed in an automobile accident a year ago.

### DISCARDED CABLE CARS MAKE COMPLETE HOME

SEATTLE.—(AP)—Two discarded cable cars are the home of the A. S. Brewer family, in this city.

The cable car dwelling is entered from its original side-front door, which opens into the living room, made of the combined front platforms, which are larger than those of a regular street car. Cable cars used on Seattle's hills have three compartments each, front, middle and rear, with a door on either side and windows lining both sides.

In the Brewer home the bedroom occupies the middle compartment and the bath the rear in one car, each with the original sliding doors. In the other car the dining room has the middle compartment and the kitchen the rear.

### NEARLY SEVENTY PITTSBURGH TUTORS IS STUDYING

PITTSBURGH.—Mrs. Grace C. Haworth, 69, is a firm believer in the old adage, "It's never too late to learn." She attended the recent session of the Harvard Summer School, being the oldest of the 2,500 students enrolled. Having completed the course in secondary education she now feels better equipped to perform her duties as teacher in a public school here, a position she has filled acceptably 49 years.

Summing up her views of the college life she saw, Mrs. Haworth said: "It's a fine school, but I don't approve of the young women smoking on the campus. These modern students have too much money to spend and not enough work to keep them busy."

Mrs. Haworth plans to retire from classroom work next year. She thinks she will turn to welfare work, she said.

### CORN SUBS FOR SNOW IN MOVIES

WILKESBARRE, Pa. (AP)—There are few commodities that some time or other do not find their way into motion pictures. Another of the many uses to which corn is put is artificial snow flakes for winter film scenes, which are manufactured in a mill here. The owners of the mill have received orders for large quantities of the white corn flakes, the making of which has become an important part of their business.
