

### De Pinto Will Fight Starkey

Mike De Pinto, flashy Portland lightweight, will meet Kid Starkey, Klamath favorite, in the next boxing card here. It was announced today by Johnnie Sylvester, matchmaker.

De Pinto is one of the hardest hitting and most aggressive fighters now on the coast. He recently defeated George Solis, and has taken the measure of such boys as Lacked Morrow and Joe Gorman, being the only fighter who ever knocked Gorman out.

"I don't know how long the fight will last, but I'll guarantee that the De Pinto-Starkey bout will give fans more action than they ever before saw in a ring here," promised Sylvester.

Starkey is a prize favorite with local fans, by reason of his boring in style of fighting, while De Pinto's reputation is enough to make it look like a ten-strike for the Klamath fans.

Sylvester will announce the remainder of his card within the next few days. He hopes to sign up Spec Woods of Bend to throw gloves with Chuck Sams, who knocked his man cold in his first and only appearance here a few weeks ago.

#### WILLIAMS NOT GOING

D. O. "Buck" Williams, one of the prominent ranchers of the Yam-say country, will not journey to Portland to testify on behalf of the Oregon Trunk, it became known today. Mr. Williams felt that enough witnesses from his section of the territory would testify and inasmuch as pressing business demanded his attention here, he decided to abandon the trip.

#### COURT DEPARTS

How long it will be before the county court will meet is not known by attaches of the county clerk's office. County Commissioner Short and County Judge Bunnell left yesterday afternoon for Portland where they have been asked to testify on behalf of the Northern lines at the railroad hearing. The commissioner and county judge did not leave any word behind as to whether or not they would be able to return by Saturday or even next Monday.

#### MISS NELL CLARK HERE

Miss Nell Clark of Portland arrived in Klamath Falls last evening for a visit with her brother, Edward Clark. Friends of Edwards will be glad to learn he has fully recovered from his attack of pneumonia. There is a possibility that Miss Clark may reside here permanently.

#### YOUTHFUL SMOKERS GET FACES WHILE THE HOME OFFICE WORRIES

LONDON.—John Bull, like Uncle Sam, is meeting with difficulties in trying to regulate personal habits by legislation. It is not so much drink over here as smoking that is causing the Home Office worry.

There is a law that compels tobacco shops to close every evening at eight. It was enacted during the war to save fuel, lights, etc., and release a certain amount of labor for employment more essential to the winning of the war than selling cigarettes and cigars. The law is still in force and there are no indications that it will be repealed.

But it is being evaded. Many tobacco shops, upon closing their doors at night, leave outside a slot machine which delivers cigarettes to anyone who puts in a sixpence or a shilling. There are even penny machines that deliver a couple of "gaspers" to those who insert a huge British copper.

The machine doesn't distinguish between a little boy's coin and one put in by a grown man. And that is what is worrying the Home Office. Children who wouldn't be allowed to purchase cigarettes in shops are procuring them from the machines.

At the moment there is plenty of labor available for even such unessential industries as selling cigarettes. But there has been no suggestion to resume the pro-war habit of selling tobacco after dinner.

#### CLERK PLEADS GUILTY

MEDFORD, Ore., Oct. 7.—Charles Arner, Lakeview, Oregon postal employe, indicted by a federal grand jury charged with embezzlement of \$112 postal funds, pleaded guilty before federal Judge Chas. E. Wolverton at the opening session of the federal court Tuesday afternoon and was given a fine of \$500. The fine according to the United States marshals office, was paid yesterday.

### Drunken Driver Sentenced to 60 Days by J. of P.

So intoxicated that he could not avoid a large truck standing directly in front of him, Harry W. Long was hauled into justice court yesterday afternoon and was fined \$150 and sent to jail for 60 days by Justice of the Peace Kendall.

Long, who officers said was driving a White Star taxi, had just turned from Sixth street east up Main street. In front of McDonald's pool hall he stopped to allow a passenger to get out and then drove right on into an automobile truck standing in front of him.

Deputy Sheriff Moneymaker was among those present at the accident. Long extricated his car from the back end of the truck, drove up Main street, turned around at the Seventh street intersection and came cruising back to his taxi stand near the Gun Store. He was placed under arrest by Moneymaker just as he was bringing the car to a stop.

To arrive at the rating the grading system is reversed so that an hour of I counts 5 points; an hour of II counts 4 points; an hour of III, 3 points; an hour of IV, 2 points; and an hour of V, 1 point. In other words, the number of points given to a credit hour is always equal to six minus the grade. Hence, rating equals the average number of hours passed per member multiplied by six minus average grade.—Oregon Emerald.

#### GIRLS WIN RIBBONS

Club boys and girls who competed at the state fair returned last night from Salem with H. B. Howell and Miss Huntington, after a most successful week. The girls brought back 17 ribbons and the boys did almost as well. Those in charge of club work in the county are enthused over the showing at Salem.

Of the girls who made the trip, Miss Lois Bailey was high winner, with two blue ribbons to her credit. These were for first prizes in gardening and sewing. Elizabeth Chapin placed second in canning. Wynafred Gaston was fourth and Alice Harvey fifth in the canning exhibit. Misses Gaston and Harvey also did exceptionally well in the canning contest, winning second in competition with 12 other teams. The girls placed fifth in the entire state in their exhibit. Miss Nellie Neilson was also a member of the team from here.

James Matthews was third in the stock judging, being but one point under the winner of the second place. The judging team, composed of James Matthews, Elmer Brickey, and Herbert Jess, placed fifth against 16 other teams. Other boys' club workers making the trip were William and Labron Tolin and Melbourne Williams.—Grants Pass Courier.
