

# TO PROVIDE MORE STORAGE SHEDS AT PELICAN BAY

New One Complete; Construction now under way on Another Building

Additional space to care for finished lumber now piled in the yards is under construction at the yards of the Pelican Bay Lumber company. One mammoth shed has been completed, 112x120. Work has begun on construction of another one, 100x112, adjoining the present shed next to the planer. The old shed will continue to be used for the storage of shop and box. One of the new sheds, when completed, will be used for the storage of siding. Much finished lumber is now stored in the yards adjacent to the shed now under construction.

## Open Up Large Tract of Cedar

MAIRFIELD.—Opening of a tract of three million feet of white cedar on Rock creek in the Middlefork section by the Western White Cedar company was announced today. Fred M. Stora will be in charge of logging operations in the tract. The opening of the new tract indicates that demand for white cedar is increasing.

## California Fruit Crops Are Larger

The August report issued on California crop conditions shows that the total apricot crop approximated 147,000 tons, as compared with 137,000 tons harvested in 1924 and 210,000 tons in 1923. The 1925 prune crop in California is estimated at 145,000 tons, compared with 139,000 tons in 1924 and 130,000 tons harvested in 1923. The bearing acreage of prunes is estimated to be 145,839 acres, which is 7 per cent above the bearing acreage a year ago.

## Fiber Container Fight Under Way In Lumbering Districts Of Washington

ANACORTES, Wash.—Next to lumber and fish, if not leading the latter, dairy products rank in importance in northwest Washington, and local stories of huge shipments of condensed milk from Bellingham and other ports in fiber containers, has aroused considerable discussion and awakened the district to the importance of curtailing as far as possible the use of the fiber container, not only for condensed milk but for all other commodities where wooden boxes may be used.

The box factories of Blaine, Bellingham and Anacortes are the best customers of their lumber mills, and only in a small degree, those of Everett. More than half of the lumber of these three centers goes into boxes, furnishing employment to hundreds of men, whose livelihood as well as half the sawmill men is endangered by the invasion of the cheaper and inferior container.

The matter is being taken up actively in commercial clubs and retailers' associations, these bodies actively supporting the millmen in their stand against the fiber box.

J. C. Farrell, a wealthy grocer of this city, who has spent his lifetime in handling groceries and has witnessed the incursion of the cheap container, writes the Morrison Mills of this city, the result of his experience. Mr. Farrell, by the way, is the treasurer of the Chamber of Commerce and chairman of its publicity committee. In his letter he says:

"My experience, which has been very extensive, has taught me that, from the retailers' standpoint the paper carton is not to be compared with the wooden box, particularly as regards certain commodities. "Laundry soap which is bought in considerable quantities, nearly always entails a loss to the retailer

## SALES AGAIN EXCEED CUT

Reduced Price of Lumber Is Urged By Manufacturer

SPOKANE, Wash.—Necessity for closer manufacturing under sales methods to permit sale of lumber at a price "that will stop the constant inroad of substitutes" was urged at the Hoo Hoo convention held here by L. N. Tate, assistant manager of the Weyerhaeuser Sales company of this city.

"Should we practice conservation in selling?" he asked. "The answer is not that we should, but that we must."

"What we know and must lead in helping the world to find a solution for, is that the trees we cut for necessary purposes may be replaced for our children and their children. We know that the present forest owner is entitled to the same reasonable return on his investment as any other property owner or manufacturer, and we also know that only in a very altruistic way can he practice selective cutting or replant his trees for the benefit of future generations unaided."

Alton J. Hager of Lansing, Michigan, was elected Snark of the Universe in today's session of the annual convention of the Concatenated Order of Hoo Hoo. His selection was by unanimous adoption of the report of the nomination committee.

SEATTLE, Wash. — One hundred and six mills reporting to West Coast Lumbermen's association for the week ending September 19, manufactured 101,871,766 feet of lumber; sold 109,342,532 feet; and shipped 114,181,227 feet.

New business was 7 per cent above production; Shipments were 4 per cent above new business.

Forty five per cent of all new business taken during the week was for future water delivery. This amounted to 49,725,482 feet, of which 38,031,682 feet was for domestic cargo delivery; and 11,693,800 feet export. New business by rail amounted to 1,781 cars.

Forty four per cent of the lumber shipments moved by water. This amounted to 50,324,177 feet, of which 37,096,317 feet moved coastwise and intercoastal; and 13,227,860 feet export. Rail shipments totaled 1,9322 cars.

Local auto and team deliveries totaled 6,187,050 feet. Unfilled domestic cargo orders totaled 126,004,678 feet. Unfilled export orders 85,977,297 feet. Unfilled rail trade orders 3,215 cars.

In the first 38 weeks of the year, production reported to the association has been 3,797,356,770 feet, new business 3,919,127,767 feet; and shipments 3,966,574,273 feet.

## Fire Lookout Builds Nest In Tall Tree

EUGENE.—Hoisting heavy pieces of timber 50 or 60 feet up into a tree to build a "crow's nest" at his station on Gold Point in the Cascade national forest was the task which has just been completed by Frank Verdier, forest fire lookout on that point.

Mr. Verdier's station is surrounded by tall trees and it was necessary for him to climb a tree each day and cling to its branches while he took observations. He concluded that he could do better than that and set about building himself a platform near the top of a tall fir where he had a good view of all surrounding mountains.

Single-handed, Mr. Verdier hoisted the timbers by means of ropes and securely spiking them to the tree, laid a floor of small saplings. It was a long and laborious task, he told Supervisor Nelson F. Macduff yesterday, but it was finally completed a short time before he was called off duty a few days ago.

A steel tower was ordered some time ago for the lookout station on Saddle Blanket mountain but as it will arrive late it will not be erected until next year, said Supervisor Macduff. The tower will be 60 feet high. The concrete foundation for the tower is already in.

LOGGED-OFF LAND INTERESTS PORTLAND.—Settlers coming to Oregon during August showed a keen interest in logged-off land, according to Arthur Foster, manager of the land settlement department of the Portland Chamber of Commerce. A total of 67 families have located on cut over lands in Columbia county during the past year.

## FILL THIS OUT—It Means More Money And A Better Job For You!

Lumberlogue, Klamath Falls, Oregon. No. .... Gentlemen: I desire to receive the Correspondence Course in Lumber and Construction Information for Retail Lumber Dealers. I expect to apply myself to the study of this course and to comply with the requirements of administration. In case I find it impossible to continue the work with due diligence, it is my understanding that the course will be re-assigned. Signed..... Name of firm or employer..... City..... State..... Street Address..... (This Course is Free!)

## BOOZE PEDDLER SOAKED WHEN HE TRIES TENNANT

Secret Compartment Filled With Liquor Found in Car at Camp HIS SECOND OFFENSE Was run out of Camp Week Previous for Selling Liquor to Men

TENNANT, Calif.—On September 26, E. R. Pritchett assisted by Bill Evans apprehended Francisco Jiminez with an Olds 8 having a secret compartment built under the body containing several gallons of booze. Jiminez was run out of camp a week previous for bootlegging, after he broke a jug of booze against a wedge stuck in the floor of his car for that purpose, and was advised to stay away from camp, but the temptation of payday was too much for him.

Mr. Pritchett took him before Judge Bradley of Weed, who sentenced him to six months in the county jail and to pay a fine of \$500. When searched a quantity of L. W. W. literature as well as his membership card was found on him. Dr. J. Sandle assisted by his pupils, gave a piano recital Monday evening, at the home of Mrs. R. B. Hawkins. Those present and taking part besides Dr. and Mrs. Sandle and Mrs. Hawkins, were Clara Dolan, Elizabeth and Evelyn Hatfield, Dorothy Murphy, Lenora King, Elizabeth Gilloison, Hazel McDonald, Adele Davis, and Harmony Hawkins. Miss Elizabeth Gilloison won the scale contest prize, a lovely bottle of toilet water.

After the musical, Mrs. Hawkins served dainty refreshments. C. W. Murphy and Ray Hawkins accompanied the survey outfit Tuesday over in Modoc county, where they are surveying a road through the lava beds to some of Long-Bell timber holdings beyond. Clay Parker, Dr. F. S. Ford, Paul Henry and Chas. Baughn attended masonic lodge in Weed Tuesday night.

George Tyler, Mrs. A. Tylar and Miss Lydia West of Lakeport, Calif., brother and niece of Mrs. W. S. Hatfield are spending a few days in our midst visiting relatives. The regular monthly meeting of the Tennant Lady Elk's club met Thursday afternoon Oct. 1st, with Mrs. Alvan Opprud on School St. The ladies spent a delightful afternoon and after the business session Mrs. Opprud served lovely refreshments. Mrs. F. S. Ford entertained the "Tillicum" club Friday at lunch

and all enjoyed a most pleasant afternoon sewing and doing fancy work. Mr. and Mrs. L. D. Martinez, of Martinez, Calif., were in camp a few days this week visiting friends and relatives. Mr. and Mrs. Max Filson left Saturday evening for an over Sunday visit with Mrs. Filson's parents, Mr. and Mrs. S. Parker at Ashland, Oregon.

## New Mill Will Be Erected Soon Near The Dalles

THE DALLES.—A government contract to cut and mill 250,000,000 feet of pine in the Mount Hood national forest near Friend, 30 miles south of this city, was received yesterday by John G. Heimrich, owner of the Great Southern railroad, and mill properties in The Dalles. Negotiations which have been under way for several months terminated with the receipt of the contract, signed by forestry and governmental officials. It is understood that Heimrich will begin extension of his lines and construction of a modern mill here at once.

EDWARDS MILL BURNS BONNERS FERRY, Ida. — The Theron Edwards sawmill in the Copeland district was destroyed recently by fire of unknown origin. The loss was about \$7000, partly covered by insurance. The mill was erected in 1913 and had a capacity of 12,000 feet daily.

FEW LOSSES REPORTED ROSEBURG, Ore.—Comparatively few losses were reported in the Umpqua National Forest during the past fire season, according to a report made by Carl B. Neal, forest supervisor. Of the 40 fires in the forest this season, 24 were caused by lightning and 16 by man.

MOVES WIFE Fred Cass of the Pelican Bay Camps Thursday night left for Chico with his wife. He will join her there this winter after local lumbering operations have ceased.

Westport Lumber company, which has been operating a camp on the Kerry railroad, at Kerry, has cut out and discontinued operations. La Dee Logging company, also operating on the Kerry line, is discontinuing operations.

Appeal to the supreme court was filed in the lawsuit which the Cedarhome Lumber company, Berrydale, Wash., and its receiver won in the trial court against F. H. Hess. The lower court decreed that the notes and mortgages held by Hess against the lumber company were null and void.

Fay Elliott, Charleston, Ore., logger and sawmill operator, filed plea of bankruptcy at Marshfield, Ore. Liabilities were given at \$3966.56.
