"HARMONY IN THE COUNCIL"

"Harmony in the council!" That is the plea advanced by the Southern Pacific organ this morning for the election of its pet candidate from the second ward—O. A. Smith. Harmony! Sure they want harmony—Southern Pacific harmony, the kind of harmony that will furnish the music for the Southern Pacific program, a program that has for its purpose the closing of the gates of the city to the Oregon Trunk.

The Klamath News further says that "an effort has been made to becloud the issue of the city election by thrusting forward the railway issue." The railway question has passed out of the hands of local people. That is what the Southern Pacific supporters would like to have the people believe. But the power to block the entrance of the Oregon Trunk has not passed out of the hands of the local people—that power is just as potent today as it was before the Portland hearing.

The scheme is to secure a council that will grant to the Southern Pacific and the Strahorn line such concessions as they may demand. These include the juggling of the sale of the city park in such a manner as to make it impossible for the Oregon Trunk to secure the property; it includes a compromise over the Strahorn line bonds; it includes the granting of the Sixth street franchise to extend the line into the Mills addition and out Klamath avenue, a double line across Lake Ewauna near the bridge and the right to extend up Link river. All these concessions rest in the hands of the city council and the backers of the Southern Pacific program want enough votes in the council to pass any or all of these measures over the veto of the mayor.

If the railway question had passed out of the hands of the local people, the Klamath News would not be supporting O. A. Smith, for it would not dare to take a stand on any question nor support any candidate that does not carry the approval of the Southern Pacific and the California Oregon Power company.

The voters in the second ward have a sacred duty to perform. In their hands rests the fate of the future railway development of the county. If they should so vote as to make it possible to close the city against the Oregon Trunk, they will have inflicted an injury that will be irreparable. O. A. Smith is supported by those who are determined at all cost to maintain the dominance of the Southern Pacific in this territory. Animated solely by selfish motives, controlled only by the desire to serve their own financial welfare, they care nothing for the rest of the community and consequently will do everything within their power to help the Southern Pacific maintain exclusive transportation control of this county. This can be made possible by favorable concessions by the city and these concessions will be made if the power to override the mayor's veto is made possible by the election of a member of the council who is antagonistic to Mayor Goddard. Don't vote for O. A. Smith.

SAN FRANCISCO.—Ship building concerns are unable to give any assistance to the British tanker Ampullaria which ran aground at Point Sur and was badly damaged because quarantine officials have put her under quarantine. A case of small pox was discovered in the crew.

At The LIBERTY

Shirley Mason's latest starring picture, "Scandal Proof," opened last night at the Liberty theatre and revealed the little star in one of the finest performances of her career. With an excellent supporting cast, Miss Mason portrays a role of emotional depth in a splendid setting that gives her a chance to looke and act her best.

The story is that of a girl who, though she passes through the burning light of suspicion and accusation, being charged with murder, proves that she is scandal proof. Reduced to the circumstances of a nurse, she tries to accept the guilt of the mother of the child she loves by placing herself in a compromising position with the woman's lover. But the man who loves her prevents her sacrifice.

BURKE, FULLERS TAKEN TO PRISON

Sentence of Jim Burke, Edward Fuller and Charles Fuller had hardly been pronounced yesterday morning before Sheriff Hawkins and Deputy Sheriff Hilton were making preparations to take the three men to the state penitentiary in Salem. The three convicted men, guarded by Hawkins and Hilton, left for Salem late yesterday afternoon.

Burke was sentenced to 15 years, Edward Fuller, ten years and Charles Fuller five years in the state penitentiary following their conviction as the result of the shooting of Deputy Sheriff Ed Kendall, near Olene, June 19.

NEW LAMP BURNS 94% AIR

Beats Electric or Gas

A new oil lamp that gives an amazingly brilliant, soft, white light, even better than gas or electricity, has been tested by the U. S. Government and 35 leading universities and found to be superior to 10 ordinary oil lamps. It burns without odor, smoke or noise—no pumping up; is simple, clean, safe. Burns 94% air and 6% common kerosene (coal oil).

The inventor, V. M. Johnson, 141 North Union Ave., Portland, Ore., is offering to send a lamp on 10 days' FREE trial, or even to give one FREE to the first user in each locality who will help him introduce it. Write him today for full particulars. Also ask him to explain how you can get the agency, and without expense or money make \$250 to \$500 per month.

Stewart's Daily Letter

By CHARLES P. STEWART
NEA Service Writer

WASHINGTON—While it would cause terrific temporary confusion, treasury officials generally agree that the discovery of a cheap method of transmuting base metal into gold would not for every long continue to cripple the currency system of a country like the United States.

Several scientists claim actually to have produced synthetic gold, though at a cost greater than the synthetic product's market value. Whether or not these claims are well founded, most scientific men of today admit their possibility and that the process might conceivably be so cheapened as to rob gold of its monetary utility.

This worries the treasury folk very little, even stretching credulity so far as to concede such a situation. The experts don't believe some other metal, like platinum, would be substituted for gold—that might be produced artificially, too.

Bartering goods would be extremely inconvenient. A system of tokens representing labor performed is one suggestion.

But by far a majority of the treasury people think the best plan would be to place a kind of mortgage on the nation's natural resources and base paper money issues on that, which would give them an even truer value than issues based on a gold reserve.

THE WEATHER

The Cyclo-Stormograph at Underwood's pharmacy registered a rise in barometric pressure during the late hours yesterday but this afternoon another decline commenced. Prospects are still good for fine weather, with some cloudiness.

Forecast for next 24 hours: Generally fair with moderate temperatures.

The Tycoos recording thermometer registered maximum and minimum temperatures today as follows:

High.....57 Low.....29

U. S. Weather Bureau Report

Weather: Oregon, fair and mild tonight and Saturday. Light northerly winds.

LOS ANGELES.—Music was the key to conviviality at T-Bone Riley's cafe until prohibition agents raided it. At the hearing of Frank Hogan, one of the owners of the place, a raiding officer testified that "we ordered a couple of ukuleles and they served us beer; we asked for a piano and got gin, and when we called for a saxophone they gave us wine."

MOTHERS

Your first interest in your child is its health. Naturally you want to learn the health values of the sundries the child wants. It is refreshing to know that carbonated water (Soda Pop) is an aid to digestion, contains a gaseous element that purifies the air, cleanses it of poisonous gases, stimulates breathing and is a preventive of typhoid fever and other diseases. It promotes happiness and contentment and above all, health.

ATTENTION!

CARPENTERS and BUILDERS

C. D. Long, business representative of Carpenters No. 190, has been called away for a short time. His place will be filled by E. F. Duffey, secretary of the C. L. Council. All carpenters out of work kindly report at the Labor Temple at 9th and Walnut. Contractors and builders call 843-W for competent help. This service is for the employer and the employe.

WINE VENDOR'S FRIEND APPEARS AND PAYS \$200

Angelo Reginato Fined for Possession of Wine; Pal Raises Money

A friend appeared for Angelo Reginato, charged with possession of intoxicating liquor, in justice court this morning. He informed Justice of the Peace Ed Kendall that he would enter a plea of guilty for Reginato.

"All right," the magistrate remarked, "the fine will be \$200."

This seemed perfectly agreeable to Reginato's agent, who paid the fine and departed.

Reginato's home on south Sixth street was raided Wednesday and a quantity of wine found. But Reginato was not home.

Prohibition agents are searching for Giuseppe Reginato, who is thought to be the owner of another house on South Sixth street in which a complete and efficient still was found. But Giuseppe is not to be found.

"That still is the best one I have seen in Klamath county," State Prohibition Agent McBride said this morning.

SEATTLE.—A third libel action against Roald Amundsen's exploration motorship Maud was brought when the Winlaw Marine railway and Shipbuilding company, alleged a debt of \$2,383.24 for unpaid material and labor, filed claim in federal court.

See the Champions at Pacific International Livestock Exposition

An Unparalleled Opportunity for Education and Thrilling Enjoyment
\$90,000 in Premiums

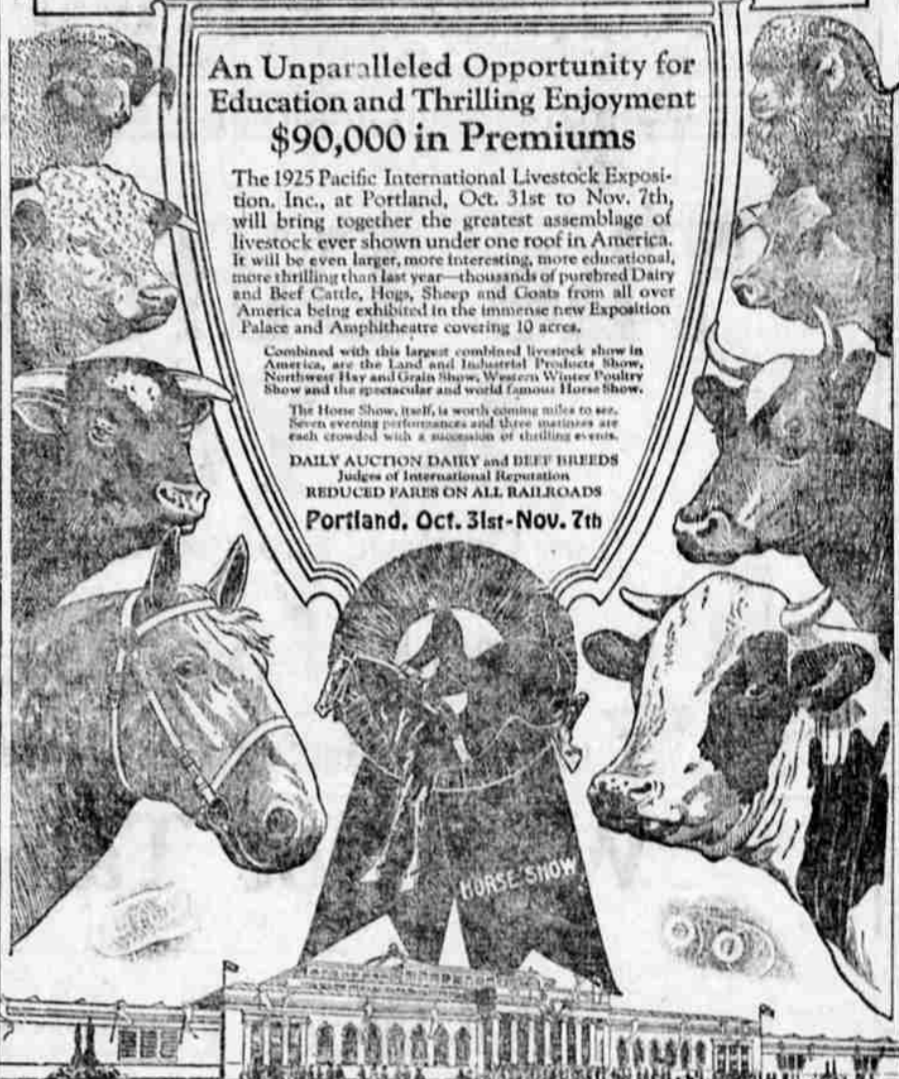

The 1925 Pacific International Livestock Exposition, Inc., at Portland, Oct. 31st to Nov. 7th, will bring together the greatest assemblage of livestock ever shown under one roof in America. It will be even larger, more interesting, more educational, more thrilling than last year—thousands of purebred Dairy and Beef Cattle, Hogs, Sheep and Goats from all over America being exhibited in the immense new Exposition Palace and Amphitheatre covering 10 acres.

Combined with this largest combined livestock show in America are the Land and Industrial Products Show, Northwest Hay and Grain Show, Western Winter Poultry Show and the spectacular and world famous Horse Show.

The Horse Show, itself, is worth coming miles to see. Seven evening performances and three matinees are each crowded with a succession of thrilling events.

Establish School for Prohibition Agents

SPRINGFIELD, Ill., Oct. 22.—(AP)—Ethics in catching bootleggers are being taught here in a school for prohibition agents.

Recognizing that the crude tactics of agents in enforcement work in some sections have brought both the officers and the law into disrepute the government established the school in an effort to teach the dry agent "how to gain respect, not only for himself but also for the prohibition law."

The school is under the tutelage of Thomas Williamson, United States attorney, and John B. Madden, deputy prohibition administrator of Illinois.

SALT LAKE CITY.—Ralph W. Seybold, youthful slayer of Patrolman David H. Crowthers, two years ago, was sentenced to be executed today, received his fifth reprieve from the state board of pardons. Action was deferred until the next meeting of the board.

Fans are anticipating with a real kick, the next card offered by the boxing association.

THE TESTIMONY OF OTHERS
IN my new book which may be had FREE upon request, on PILES and other Rectal and Colon disorders, I have reproduced nearly 100 letters from among those relieved from my thousands of patients. These tell you frankly of their years of suffering of their trying home remedies and even operations, and, finally, of their complete cure by my NON-SURGICAL method. These are from men and women of every station, many of whom you may know. You will learn by reading this Book why I can give a WRITTEN GUARANTEE to cure your Piles or return your fee.
