The Cow As A Factory

IF more of the dairy cows of the country were examined from the critical basis of efficiency, as a factory is examined by the owner, there would be many of the cows for sale or trade. Inefficient cows for milk production are cutting down the incomes of thousands of dairymen.

The First National bank knows that there is a constant need for improvement in dairy herds of this community as well as in other sections. We are keenly interested in this profitable production and are glad to assist in building up and bettering the herds of farmers who are in our banking territory.

We urge every progressive dairyman to attend the Pacific International Livestock Exposition at Portland, October 21st to November 7th. Here not only the best beef and dairy cattle will be exhibited but also the largest gathering of Hogs, Horses, Sheep, Goats and Poultry ever assembled under one roof in America. It is close at hand and offers a liberal education of inestimable worth.

The First National Bank Klamath Falls, Ore.

TO THE VOTERS OF THE SECOND WARD

Wednesday, October 25, by your ballot, you are to elect a councilman from the Second Ward to represent you in the management of the City Government.

I am a CANDIDATE for this office and I am in the race to be elected.

I AM NOT the candidate endorsed by or affiliated with any special interests or cliques. I AM NOT anti-GODDARD or pro-GODDARD.

I AM for clean city government and good business administrations. I believe that a dozen railroads in Klamath Falls would be more beneficial than one; that competition encourages and stimulates business; that monopoly throttles industry; that, if common user privileges will stimulate business and give better service, it should be included in any franchise given by the city for railroad crossings or terminal facilities.

To encourage the Northern Lines to enter Klamath Falls should be the object of this community. The Riverside Park sale should be consummated at once to the best advantage of the city and, if suitable purposes, they should have the first option to buy, provided they meet the price of competition.

THE \$800,000 GIFT TO THE STRAHOON RAILROAD SHOULD BE RETURNED TO THE CITY AND ANY GRANT TO THIS LINE FOR CROSSINGS OR TERMINAL FRANCHISES (EVEN WITH COMMON USER) SHOULD BE CONDITIONED UPON THE RETURN OF THIS MONEY WITH INTEREST.

If elected it will be my endeavor to serve my constituents of the city of Klamath Falls to the best of my ability without fear or favor.

Yours truly
A. J. LYLE.
CANDIDATE SECOND WARD COUNCILMAN.

POPULAR COUPLE MARRIED TODAY

Bernard Neely and Leona Winchell Made Man and Wife By Magistrate

Wedding bells tinkled in justice court this afternoon. They rang while Bernard Lawrence Neely and Myrtle Leona Winchell were being made man and wife by Justice of the Peace E. N. Kendall.

The couple are well known in Klamath. The bride is a resident of Merrill and Mr. Neely has been identified with the lumber business in Klamath. Mr. and Mrs. Neely will reside at the home of the bride's parents for several months and then are planning on moving to Oakland, Mr. Neely's home.

Prohi Agents Get Names Garbled Up

It was Louis Bonatto not Angelo Reginato that was fined \$200 for possession of intoxicating liquor yesterday morning.

"I want to know who is stealing my thunder," Bonatto declared to Justice of the Peace Ed Kendall this morning. "I'm the guy who took the fall, not Reginato."

For some reason or other prohibition agents thought it was a man named Reginato they were seeking, so did Justice of the Peace Ed Kendall, and not until Bonatto came in and corrected the error was anybody wise to what it was all about.

Who the mysterious Reginato is, nobody seems to know.
