Service That Serves

We own and operate the best delivery system in Klamath Falls—watch our cars on the streets loaded with groceries. We will be glad to furnish you this same service which we are sure will please you.

This store is independently operated and has no connection with any other store in this county—our store is capable of handling half the grocery business of this city and do it at a small cost—when you patronize us you only pay the cost of operating one store.

Were we foolish enough to place another store in Klamath Falls, it would simply mean double the expense you would have to pay if you patronized us.

It's the price you pay for each item, each day in the week, that counts.
