Standard Oil To Aid Fliers

SAN FRANCISCO, Nov. 6.—(AP)—The Standard Oil company announced today that selections would be made within the next few days of the towns in which company buildings are to be marked for the guidance of airplane pilots in the scheme worked out by the company and the U. S. army for better developed air ways. Towns along the present air routes from San Diego to Seattle, and from San Francisco to Reno in which the company has buildings suitable for the guide sign purposes will be selected.

The company is working in cooperation with the army air service in marking the routes. The guide signs will be the name of the town painted on the roof of the building. A large number of the company's big warehouses are available for the purpose.

Armistice Night Dance Postponed

LONDON, Nov. 6.—(AP)—In deference to the popular outcry the great hall arranged for Armistice night in Albert Hall has been postponed and the hall will be used instead for a religious commemoration service.

A controversy has been raging for the last few days over the propriety of celebrating the arms conference with revelry.

Consequently the ball has been deferred until November 12, and the Prince of Wales has indicated his intention of attending, which he declined to do if it were held Armistice night.

KLAMATH HIGH IS READY FOR SATURDAY GAME

Local Team to Meet Grants Pass on Fair Grounds Field Tomorrow

A group of seasoned, toughened and trained young men will trot onto Fair Grounds field tomorrow afternoon at 2 p. m. to meet another group of hardened and trained veterans for the purpose of determining by the survival of the fittest scheme which is the superior aggregation.

One group will wear insignias of the Grants Pass high school. Another the colors of Klamath county high school.

The game promises to be a fitting wind-up to one of the most successful seasons Klamath county high school has enjoyed in years. Instead of the usual cellar position, Klamath Hi will probably be firmly lodged in second place, unless Grants Pass upsets the dope and sets her back tomorrow.

Concerning the game, Klamath Falls and Grants Pass have met once before. Grants Pass lost, by one touchdown, but it was a close and hard fought game. This time it will be even more hard fought, according to all reports.

Coach French is assured of one of the best line-ups of the season. Although Elmore is absent because of a twisted ankle, Frank Hall, plunging half back and William Bessier, stellar lineman, are in the line-up and in good condition for the game.

The game will start 2 p. m., not at 2:30 p. m. as previously announced.

ISOLATED CHINESE PROVINCE GETTING FIRST MOTOR ROAD

KINGCHOW, Province of Kansu, (AP)—This central China province is getting its first motor car road.

For communications in the past, Kansu probably has been the worst off of any of the 18 provinces. It has no railways, and practically no navigable rivers. But in spite of these disadvantages, travel has been lively because the main route to Tibet and Turkestan lead through

the province. Lu Yung-t'ao, military and civil governor of the province last year ordered his principal general to start the road work with the soldiers under his command. The general commanded each regiment to build seven miles of road. The soldiers promptly impressed resident farmers into service. A road capable of handling motor traffic of more than 100 miles has been completed.

"You boys are not using your powers of observation. (An unpardonable trait in any burglar.) If you had read our advertisements and noticed our very low prices you could have saved yourself the trouble of 'break-

ing in' to get the things you wanted. We are glad to know, however, that you prefer OUR merchandise. Every article in our store is absolutely guaranteed by us—whether you buy it or steal it makes no difference. If what you fellows took does not give you good service, bring it back and we will make it good—with the assistance of General Butler."
