**Trambitas To Fight Starkey**

Johnnie Trambitas will meet Kid Starkey a week from tonight in the 10-round main event. It was announced today by Matchmaker Johnnie Sylvester. Starkey wanted to meet the flashy Portland scrapper again, and the fans wanted to see them go to a finish, so Sylvester clinched the match at noon. Starkey beat Trambitas in the ninth round on a foul here last week.

Wilbur Harrington has come to terms with Sylvester and will fight Jack Crim in the six-round semi-final. These two boys put up a sensational four-round draw on the last card, and ought to prove a big drawing card for next week.

"If I can't beat Crim I don't want a dime for my end," said Harrington today.

It is almost a certainty that this bout will never go six rounds as both boys are nursing a real grudge at each other and will stand up and fight from start to finish.

Henry Burke will be given another four-rounder because he disposed of Kid Sullivan so quickly in his first ring appearance. The remainder of the card will be announced by Sylvester within a few days.

There will be music and other numbers at this ceremony.

**At the PINE TREE**

The program to be given by the Wilma Vance Entertainers on the evening of Tuesday, Nov. 10, at the Pine Tree Theatre, is one built especially to appeal to popular audiences who want something worth while in addition to mere entertainment. There is an abundance of fun and humor throughout the program and yet there is an artistic finesse to the entertainment as a whole that is most gratifying.

The organization is a trio of experienced professional artists and their program is exceedingly interesting from the double standpoint of artistic worth and musical variety. It is a distinctively worthwhile program.

Miss Vance, impersonator, characterist and trumpeter, is a graduate of King's School of Oratory, Pittsburgh, and post-graduate at a large dramatic school in Boston. She has also studied with Grant Connel, director of the Columbus Institute of Music. She has given recitals in New York, Boston and Pittsburgh, as well as innumerable other smaller cities and towns throughout the East. She is extremely gifted in dramatic lines, is a thorough musician, and possesses a fine platform personality.

Mr. Glenwood H. Thayer is a violinist with the Wilma Vance Entertainers. He is a graduate of the Cincinnati College of Music and also the Dana's Institute of Music at Warren, Ohio. He has enjoyed extensive concert work through the east and middle west and last season made a special concert tour in Cuba where his work won instant favor.

Miss June Gertrude Groff, pianist and contraltoist, has studied voice under Professor William Stevenson, the leading instructor of voice at Pittsburgh. Her piano work was done under Professor Schmid of Carnegie School of Technology, Pittsburgh. She has a most pleasing personality and is also an experienced concert soloist.

**Blue Sky Law To Be Tested**

**Retaliation Measure Planned Against Fanatics**

PERTH AMBOY, N. J. Nov. 9.—Police today have a list of thousands of violators of a Sunday blue law, framed in colonial days, to present to the grand jury Friday.

Throughout Middlesex county yesterday names were taken of persons who, drove motor cars, played golf, walked elsewhere than to church, operated news or boothblack stands, theatres, drug stores, or engaged in any other activities prohibited by the old vice immorality act.

The campaign is the result of a movement started recently by the Perth Amboy Ministers' association to close motion picture theatres that were open on Sunday. Theatre proprietors protested that it would be discriminating to act against them and not against other Sunday violators.

Doubt is expressed that the grand jury will act on the charges. It is generally understood that it is another attempt to have the law stricken from the books as obsolete.

Have you a locomotive in your home?

You have not. Almost everybody at some time or another has some kind of a flivver. But locomotives aren't as common as all that. They're hard to get. And when they get them in the movies they keep them just long enough to smash them to pieces.

In "The Danger Signal," for instance, an engine is seen thundering along—and the next instant crashing into space to become a junk pile. "The Danger Signal," which comes to the Liberty Theatre tonight, deals with railroad love and adventure. Its cast includes Jane Novak, Dorothy Revier, Robert Edson, Gaston Glass, Robert Gordon and other well-known players.
