

Klamath Grand Jury Continues Investigations

If the grand jury decides to completely investigate all the matters that have been brought to their attention, they may be in session until the middle of next week. District Attorney E. L. Elliott said this morning.

The investigating body continued their deliberations this morning behind closed doors and from the number of persons going into the coming out of the grand jury room, it was evident that many witnesses were examined.

It is possible, it was admitted, that the jury may make a partial return to the circuit court either this afternoon or tomorrow morning.

Some people are cursing the weather as if they had a right to expect summer this winter.

Why They Choose The American National Bank

The American National Bank was not the random choice of the more than 4000 depositors who bank here regularly.

They made this institution their choice for a number of reasons: its strength and safety, the experienced judgment of its officers, and their friendly, personal attitude toward everyone.

Other reasons were the promptness and completeness of our service, and the fact that this bank has never failed to work consistently for their best interest and the welfare of Klamath Falls and Klamath County.

We ask you to consider these points in making YOUR choice of a bank. Let us serve you.

The American National Bank
