

### RESIGNATION OF DR. MASSEY IS LAID ON TABLE

Physician Will Continue to Act as Director of Klamath Falls Chamber

Dr. G. A. Massey's resignation as a director of the chamber to commence, while not refused was laid on the table Tuesday. And there it will continue to lay indefinitely, as far as the board is concerned, because that body prizes Dr. Massey's work on behalf of the chamber.

Dr. Massey last week attempted to resign, giving piece of other business as his reason. No action could be taken last week because of the absence of a quorum at the directors' luncheon.

If a bit more interest would be taken in the attempt of the Oregon State Motor association to get established in this community, Klamath would have a branch office of the association, second to none in Oregon. Such was the opinion of R. C. Groesbeck.

"All that is needed is 40 or 50 more members and we will have an association office here that will disseminate publicity about Klamath that will be of great benefit to this community. I hope the chamber directors and members will take a personal interest in seeing that the association receives the support of the community."

The directors, at the suggestion of Charles H. Carey, chairman of the Portland World Court committee, went on record as favoring the World Court plan as outlined by Ex-President Harding and President Coolidge.

As a link in the London-Bombay air route, airplane service over 900 miles of desert between Ramleh, Palestine, and Basrah, Iraq, is contemplated, with an intermediate landing at Bagdad.

**Where fireplaces don't reach your Oil Heater does**

Pearl Oil in a portable oil heater is an auxiliary to the fireplace and furnace, and of many daily uses—warmth to dress by, bathe, or dine, etc.

Pearl Oil is the highest-grade kerosene only—refined and re-refined by the Standard Oil Company's special process. Clean burning—no oily odor—and it won't corrode the heater! Ask for Pearl Oil by name!

### Sailor's Suit Stolen As Gob Works On Road

F. Bleach is Minus Furlough Papers, And Discharge Papers

It isn't the suit but what was in the suit that F. Bleach, furloughed sailor of the United States navy, is worrying about. Bleach was working on a railroad gang yesterday. He left his light colored suit, purchased in Honolulu, in a box car while laboring. When he returned to change back into his good clothes, the suit was gone.

He is annoyed, of course, about the suit because it was a good one. But he is not only annoyed but worried about the loss of his furlough papers, his discharge papers from the Canadian army at the close of the world war and the papers by which he was allowed entrance into the United States.

So he came to the Klamath Falls police and asked for aid in locating the suit.

### U. S. COURT IS DESERTED; LACK OF FEES REASON

Officers Patronize Court Where They Get Higher Pay For Their Work

Because the United States is not quite as liberal with fees to her servants as is the state of Oregon, the wheels of justice, so far as U. S. Commissioner Bert C. Thomas is concerned, have ceased to move.

It has been days, weeks and even months since the once busy magistrate for the federal government has been disturbed by a hearing in his office. Federal officers are avoiding his office as the tramp avoids the county poor farm.

Mr. Thomas was asked concerning this situation yesterday and responded quite frankly:

"Can't blame them," he ruminated. "You see, fees from this court are not sufficiently attractive to the officers. They are looking out for themselves just like everybody else. So they take the prisoners before the justice of the peace at Chiloquin and are paid far more liberally than they are here."

"As a result things are becoming pretty quiet in this neighborhood. The Indians or white men who are arrested on the reservation on charges of violating prohibition laws may be prosecuted under the state or federal law, depending upon the choice of the arresting officer."

The choice of the officer has been where most of the money was stored.

### Scout Masters Meet at Chamber Tuesday

Three new members were added to the Scout Masters' association at the meeting held in the chamber of commerce last evening, including L. Metcalf, Arthur H. Scheffler and Howard Barnhisel. The members are to be trained for openings in scouting.

Instructions were given in the scout knots, recreational methods of teaching knot tying, along with the story of the flag, the significance of the badge, scouting signs, salutes and hand clasps.

Scout Executive Nord gave a demonstration in fire by friction, his outfit being received yesterday morning from Portland.

The next meeting of the association which has a membership of over a dozen, will be in the form of a banquet at the Owl cafe on Tuesday evening, December 1, at 6:30. The members will go to the scout headquarters in the chamber of commerce following the banquet.

### NORTH BEND MAN TALKS RAILWAYS

(Continued From Page One)

where H. G. Kerns, president of the First National Bank of North Bend, also owner of the North Bend Iron works and vice president of the North Bend chamber of commerce, C. M. Byler, prominent grocerman and Harry Kern, son of H. G. Kern. The party are enjoying a duck hunt while here and plan to return to the Bay tomorrow.

In behalf of the North Bend chamber, Rev. Snyder extended an invitation to the local chamber to bring a caravan and visit Coos Bay in the spring.

NEW HAVEN, Conn.—Forty rare bibles, including a copy of the first issue of the King James version, are on exhibition at Yale, commemorating the first translation of the book into English by William Tyndale four hundred years ago.

# FOR THOSE WHO CARE WHAT THEIR MONEY BUYS

Dodge Brothers, Inc. have always built a good, sound, long-lived product.

They have never built "yearly models" and never will.

They do not make frequent expensive changes simply to catch the whim of the hour.

On the contrary, they devote themselves steadfastly to the improvement of a car that has been good from the very beginning.

This process of improvement has now been going on for 11 years.

Its influence on the car's appearance and performance has been nothing short of remarkable.

Always eminently dependable, it is now also an exceptionally easy riding car.

Always up-to-date, it is now strikingly attractive.

Style and smartness stand out in every line. Sheer logic never made the choice more obvious—

Dodge Brothers Motor Car for those who really care what their money buys.
