### WHEN—?

When Klamath moonshine tastes like mellowed Scotch,  
When 'Main Street' guesses right on anything;  
When Elwood Mead gives Eberlein a watch,  
And Malarkey shoots a duck that's on the wing;  
When Strahorn says: "I'm for the Northern Line,"  
And Groesbeck answers back: "That goes for me."  
Then the city council's going to treat us fine,  
And fix South Sixth just like it ought to be.

When light and water costs start coming down,  
When Newell can mold the farmers just like wax,  
When all street signs are placed thruout the town,  
And timber owners pay an honest tax;  
When Lake Ewauna's closed to sewage trash,  
And they build another court house in Hot Springs  
Then McKee and Shoup and Work will get the cash,  
To present their old pal, Murray, golden wings.

When Nesmith says: "I'm through with politics,"  
When they stop the cinder nuisance for all time;  
When they start to tossing flowers instead of bricks,  
And when truth becomes a virtue—not a crime;  
When the chuck-holes in the streets are all repaired,  
And they give the mayor praise as well as raps;  
If we really wondered how our neighbors fared,  
Then we'd make a better town of this—perhaps.

## MOUNTAINEER IS CAPTURED AFTER LAWLESS BATTLE

### National Guard Detachment Takes Kentucky Feudist Into Custody

### FACTIONS SIGN TRUCE Slaying Following Election Results in Bad Blood—Others Wounded

Louisville, Ky., Nov. 19.—Dave Steel, charged with the murder of Sheriff Joe Morgan, who precipitated a feudist outbreak at Hyden, Leslie county, Saturday, necessitating the sending of state troops to the scene, was under arrest today and authorities of two other eastern Kentucky counties were investigating slayings in their respective jurisdictions.

Dispatches from Frankfort last night stated that Adjutant General Kehoe had received a telegram from Captain James A. Wooten, commanding the detachment of 24 guardsmen, sent to Hyden from Hazard over horseback trails, had placed Steel in custody and that the tense situation caused by the arming of 200 partisans of the dead man and his alleged slayer had quieted.

Another Murder  
At the same time advices from Whitesburg and Cynthiana, told of the slaying of Ison Caudhill, 30, Breathitt county mountaineer, and James B. Sturgeon, in the Elk creek and Broadwell districts.

Relatives and friends of Morgan and Steel, both prominent, held a peace conference at Hyden last night in an effort to forestall lawlessness by the rougher element of Leslie county, who were using the slaying as the basis of preparations for a pitched battle. Hazard dispatches said.

Slain By Girl  
Caudhill died in a hospital at Blackey, Ky., from wounds inflicted by Polly Engle, 16 year old daughter of a widow he is alleged to have shot down while on a moonshiner's rampage in the Elk creek district near Fletcher-Perry Junction. Mrs. Engle is reported recovering. The girl used an old fashioned rifle, a family heirloom, two shots taking effect. Caudhill is said to have been drunk. Sturgeon, who was shot by Roy Claypool, 35, who claims self defense, was struck twice at short range with a shotgun. He was likewise said to have been intoxicated. A coroner's inquest was to be held today.

## Mitchell Will Conclude Case Within 2 Days

### Colonel's Attorney Says Trial Is Nearing End

WASHINGTON, Nov. 19. (AP)—The defense notified the Mitchell court martial today that it expected to complete its evidence tomorrow except for the testimony of Colonel William Mitchell will give in his own behalf.

Representative Frank R. Reid, chief defense counsel, indicated that the Colonel would require about two days for his testimony. Reed M. Chamberlain, of Detroit, who won numerous decisions as an amateur in France, testified at today's session that his plane never had been hit by enemy ground guns, although it had been within their range several hundred hours. He declared reserve air officers should be given at least 100 flying hours a year.

Lieutenant Leigh Wade, one of the army world fliers, told the court of various experiences during his 3,000 hours flying in every type of plane known to any aviation personnel.

NEW YORK.—Federal Attorney Buckner has invited Wayne B. Wheeler to "Come over into Macedonia" and see for himself how hard it is to enforce prohibition in New York.

## Mysterious Disappearance Of Mike Perez Unsolved; Friends Lose Money Meant For Parents

### No Trace of Leader of Mexican Group at Algoma Found; Missing Since Tuesday; District Attorney's Office is Investigating Case

Mike Perez, Mexican interpreter and trusted employe of the Algoma Lumber company, has suddenly and mysteriously disappeared. He has departed for parts unknown with, it is believed, \$98, belonging to Mexican co-workers at Algoma.

This is the deduction of the district attorney's office after assembling and segregating the stories of two Mexican laborers as well as Fred Leonetti of the Toggery store of Klamath Falls.

## CHAPMAN'S PAL SENT TO PRISON FOR LIFE TERM

### 'One-Arm' Wolfe Convicted of First Degree Murder at Munice, Indiana

### BANDIT TRIO THROUGH

### Tragedy Trails in Wake of Desperate Criminals—One of Them Dead

MUNICE, Ind., Nov. 19.—(A. P.)—Judge Clarence Dearth last night read solemnly the words of the verdict of a jury which found Charles "One-Arm" Wolfe guilty of murder in the first degree, spelling one of the closing chapters in a swift drama that has been a tragedy for all who had leading roles.

Gerald Chapman, daring mail robber and alleged murderer, is awaiting execution of a death sentence imposed him for the murder in New Britain, Conn., of a policeman. The other, George "Dutch" Anderson, met death at Muskego, Mich., recently when he engaged in a duel with a detective who had caught him while he tried to pass counterfeit money.

Ruthless Slayer  
Hance and his wife were slain last August when they were beset on a country road near here. Before he died, Hance identified Wolfe and Anderson as his assailants. It was assumed at the time that their motive was to retaliate against Hance for information he was alleged to have given the authorities which led to the arrest of Chapman in Munice earlier in the year.

When Judge Dearth slowly spoke the words that mean life in a six-by-nine cell for Wolfe, the latter broke down. His head found his hands, while his elbows rested on his knees and he said to his mother, seated beside him:  
"Mother, I'm not guilty."

## Allege Water Bonds Illegal

### City of Bend Made Defendant in Court Case

BEND, Ore., Nov. 19.—A temporary restraining order was signed yesterday by Circuit Judge T. E. J. Duffy in the case of W. R. Riley against the City of Bend, R. H. Fox, Mayor, and Louis Bennett, city recorder, forbidding them to dispose of the \$800,000 bond issue for a municipal water project.

The plaintiff contends that the bond issue is illegal because the bonds are of the par value of \$600,000 while the charter authorizes no issue greater than for \$100,000, because the bonds were sold for less than par and because the bonds were advertised for only 40 days when it should have been sixty days. Perpetual injunction is sought.

### KILLED BY CYCLONE

BOMBAY, British India, Nov. 19. (AP)—The loss of life in the cyclonic storm which swept the coast of India last week is now estimated at 790 and the damage at 100,000,000 pounds sterling.

However, Perez's exemplary conduct since his residence in Klamath, his honesty in dealings with his fellow workers and his ready payment of bills, leads the prosecutor to believe that Perez might have been suddenly called away from Klamath Falls, before he had time to return the money to his friends.

Trusted Employee  
Perez has been employed as saw man at the Algoma Lumber company for the past three years. He was regarded as one of the most trusted employes in the mill, and his employers conferred with him whenever problems with Mexican labor arose.

Plain and uncontrovertible facts of the case as developed to date are as follows:

Perez Saturday afternoon at Algoma was approached by two Mexicans, one Nicolas Rubalcava and another whose name authorities did not know. Rubalcava gave Perez a check for \$68, and his companion one for \$30. They asked him to take the money to the post office and buy them a money order, that they might send the cash home to their respective mothers and fathers living in Old Mexico.

That, according to the district attorney's office, is the last time the two Mexicans saw either their money or Perez.

Comes to City  
Perez came to Klamath Falls Saturday night and called on Deputy District Attorney W. A. West, asking if there was any way he could secure grand jury witness fees due him. He explained that his mother was fatally ill in Seattle and he needed the money to get to her bedside. West helped the Mexican out as much as possible.

Monday, so the Mexicans told the prosecutor, their checks were cashed but the money orders were not purchased. Tuesday, Perez purchased a \$30 overcoat at the Toggery, paid \$10 down on the garment and charged the remainder.

Drops From Sight  
That morning he disappeared, and has not been seen nor heard from since that time, so far as the district attorney knows.

The two Mexicans were asked to swear to a warrant for Perez's arrest.

In broken English they asked District Attorney E. L. Elliott whether or not that would return them the money.

"No, not necessarily," Mr. Elliott answered, "but it might send Perez to the penitentiary, if he is guilty."

The Mexicans had not the least desire to punish Perez for his alleged indiscretions, and refused to sign the warrant, so officially, the law holds no claim on Perez.

Perez has been a familiar figure in Klamath courts. He has acted as interpreter in investigations and trials where Mexicans were involved.

## NEIGHBORS SAY TEACHER'S WIFE IS NOT INSANE

### University of Oregon Faculty Protest Against Woman Going to Asylum

### CASE TO BE PROBED

Professor Johnstone was too hasty in Having Wife Committed to Hospital

SALEM, Ore., Nov. 19.—Charging that Professor Johnstone, member of the faculty at the University of Oregon, has been too hasty in having his wife committed to the state hospital for the insane, and that she should not have been sent to the institution, a delegation from Eugene appeared before Supt. R. E. Lee Steiner and his assistant, Dr. J. L. Griffith, yesterday to protest the commitment. Mrs. Johnstone was received at the hospital Tuesday of this week.

### Faculty Indignant

University faculty members and neighbors of the Johnstones are in the delegation of half a dozen persons, including Dean Eric Allen of the college of Journalism.

The Johnstones are said to be new comers at the university and to have come from England. Statements made at the hearing yesterday indicated that Professor Johnstone is 13 years younger than his wife.

### To Be Observed

Mrs. Johnstone came to the hospital under a regular commitment from the Lane county court.

"Of course we do not know at present whether or not the commitment was legally obtained," said Dr. Steiner. "The case will be handled by us as all cases are. Mrs. Johnstone is under observation and will be for some time. At present I have nothing to say about Mrs. Johnstone's condition. The delegation from Eugene came in good faith and I think went away satisfied that justice will be done as far as the hospital is concerned."

## Cattle Owners Ask Dismissal Of W. B. Greeley

### His Criticism of Livestock Men Not Liked

BAKER, Ore., Nov. 19.—(P)—The executive committee of the Oregon cattle and horse raisers association, protesting against an article on grazing in the national forests by Colonel W. B. Greeley, chief of the forest service, in a weekly magazine of national circulation, sent a telegram today to secretary of agriculture Jardine. The telegram concludes:

"We feel the agricultural interests of the west can best be served by the resignation of Colonel Greeley. "We do not think a government employe should attempt to prejudice public opinion with misrepresentations and half truths, especially in view of the fact that the senate of the United States has felt this matter is of enough importance to have appointed a special committee to investigate and report to the next congress."

In the article Colonel Greeley criticized the demands of western livestock interests for grazing rights in the national forests.

## Sportsmen Don't Cooperate With Warden on Ducks

With all the hue and cry of "something ought to be done about it" with many Klamath sportsmen expressing concern over the matter, the first man to volunteer to join in a general survey of the Tale lake duck situation has yet to call Marion J. Barnes, district game warden.

At a sportsmen's meeting last Monday night, the proposition of a survey of the situation, with a view to hauling away the dead birds and burning them, if the plan proved feasible, was submitted by various sportsmen. The success of the plan depended entirely upon whether or not there were sportsmen unselfish enough to devote a few hours of their time in making a general survey of the situation.

Then if the duck burning were to be found feasible, contributions would be called for and the work carried on in an orderly manner.

Enthusiasm for the plan at the sportsmen's meeting was very marked. But that enthusiasm seemed to die with the close of the meeting, Marion Barnes commented.

## THREE INJURED WHEN DYNAMITE EXPLODES TODAY

### Russian Laborer's Eyes Are Blown Out; Copco Employees Slightly Hurt

### TWO BAD ACCIDENTS

1 Man Wounded near Bonanza; Two Young Men Hurt on Lincoln St.

Dynamite nearly took toll of one life near Bonanza this morning and a short time later in Klamath Falls was the cause of the severe injury of two employes of the California Oregon Power company working at Fourth and Lincoln streets, shortly before noon today.

The injured are: George Lapowitz, Russian road laborer, working under George Welykholowa and Alec Affanatif, sub contractor working under Brattain and Sullivan, in road construction work near Bonanza, one eye blown out of his head and the other eye also believed to be lost.

H. Westfall, employe of the California Oregon Power company, suffering from cuts and bruises, caused by dynamite explosion.

Robert B. Mahan, also employed with the California Oregon Power company, suffering from painful abrasions, cuts and bruises from the explosion.

Beyond the fact that he was injured by a dynamite explosion, little is known of the circumstances of Lapowitz's accident. He was rushed to Klamath Falls this morning. Little hope was held out by hospital authorities at the Klamath Valley hospital for the saving of his sight. He was in no condition this afternoon to tell the story of his accident.

### Two Injured

Westfall and Mahan were injured as they were drilling into the ground at Fourth and Lincoln to place a dynamite charge, for the purpose of opening up a hole for a power company pole. Yesterday they had exploded a charge of dynamite in the same hole, but only part of the charge had exploded. When the drill, struck the unexploded dynamite of the previous day it exploded practically in their faces. The force of the explosion threw up rocks and dirt which cut their faces and hands severely. They were not seriously hurt, however, and will recover from the effect of the explosion within the next few days.

## Speed Cop Is Badly Injured

### Lane County Officer Has Many Bones Broken

EUGENE, Ore., Nov. 19.—E. H. Lister, state traffic officer in this district is in a local hospital, suffering from a fractured arm, a broken shoulder, a broken cheek bone and multiple cuts on the head and face, as a result of an accident on the Pacific highway south of Eugene yesterday.

Lister was traveling at the rate of 50 miles an hour on his motorcycle, chasing a speeder who was headed toward Eugene. Another car ahead of Lister swerved across the pavement to a service station, and Lister's motorcycle crashed into the car. The woman who was driving the automobile is said to have signaled properly, but Lister was traveling too fast to avoid the mishap.

Both the automobile and the motorcycle were badly damaged. Lister will be laid up for at least three months. Hospital authorities said.
