

AUTOISTS TOLD OF STATE CLUB

Value of Membership in Motor Association given by B. C. McHenry

B. C. McHenry, field representative for the A. A. A. who has been in the city for the past week securing members for the Oregon State Motor Association, is daily coming in contact with people who ask the question, "what are some of the benefits derived from belonging to this association?"

Mr. McHenry gives ten good reasons why.

First: It is the only organization in the state that directly concerns itself with protecting and forwarding the interests of the individual car owner.

Second: It is the only affiliated A. A. A. motor club in the state, and members of the Oregon association are entitled to the reciprocal service of more than 700 A. A. A. clubs throughout the United States and Canada.

Third: It maintains a system of touring information bureaus at logical points throughout the state for the convenience of its own and all members of the A. A. A. clubs.

Fourth: It has over 200 official hotels, garages and service stations throughout the state, all of which are under a contract to furnish members with the best of service at reasonable prices.

Fifth: It maintains a free towing and emergency road service for all its members. This service will soon be in operation throughout the state, and is available day and night.

Sixth: It maintains a legal department where members are accorded free legal advice in all matters pertaining to the ownership and operation of an automobile.

Seventh: It publishes a high-class monthly motor magazine which is included with a membership.

Eighth: It furnishes you with an emblem for the radiator of your car which shows that you are a public-spirited citizen entitled to all the courtesies of the road.

Ninth: It furnishes you with free maps covering any road in the country.

Tenth: It passed a law at the recent session of the legislature whereby an association membership card will be accepted as bail anywhere in the state up to the amount of \$25.00. This law was effective May 26, 1925.
