

I know they'll be perfect —the things I bake with Sperry Drifted Snow Flour

That's the joy of using Sperry Drifted Snow Flour—I can be sure of perfect results every time.

In the 12 years I've baked with it, every sack I have used has been of the same wonderful blend. That uniform goodness is Sperry's greatest pride.

I've seen with my own eyes how they protect it—with scientific laboratory control—with special methods in their big modern mills—and then they test it every hour of the day by our method—baking.

I suggest that you use Sperry Flour—for results you can be sure of every time.

Kiddies' Christmas Fund Will Bring Happiness To Children

(Continued From Page One)

This, in itself, insures the success of the fund and The Herald's efforts on behalf of the kiddies.

And it's going to be a real boxing card at that. Mike De Pinto of Portland and Billy Watson of Eureka will box 10 rounds, while Chuck Sams of Klamath Falls and Miky Gibbons of Eureka will go 5 rounds. There will be at least 2 other preliminary bouts, between fast well-matched boys. It will be the biggest card yet staged here, and the boxers are all entering into the spirit of the occasion by agreeing to donate ten per cent of their purses in the name of charity.

If the boys who make a living as professional boxers are willing to make this splendid donation in the name of humanity, surely the good people of Klamath Falls will want to assist the movement. Those who may want to do their part in promoting smiles and happiness on Christmas morning in homes where Santa Claus seldom visits can get into communication with the Santa Claus editor of the Evening Herald.

Druses Murder Several Women

BEIRUT, Syria, Nov. 26.—(P)—Fourteen naturalized American citizens who reached Beirut today with about 2,000 refugees from Rashidya, west of Damascus, where fierce Druse attacks were ended yesterday by the relief of French garrison, say that in the hand to hand fighting between the Druses and the Christian several women and children were killed.

WM. HUMPHREY BUYS PROPERTY

One of the largest property transfers consummated in Klamath Falls' business district during the past few months, has just been completed with the purchase by William Humphrey from Fred Buesling of the north-west corner lot on Eighth and Klamath for a consideration of approximately \$25,000. Mr. Humphrey said that he had acquired the property just as an investment.

RULER OF SIAM DIES; BROTHER TO TAKE THRONE

Rama VI, Monarch for 15 Years, Passes Without Realizing Ambition

QUEEN HAS DAUGHTER

King Who Wanted Son to Succeed Him and Who Divorced Wife, Victim

BANGKOK, Siam, Nov. 26.—(P)—Rama VI, king of Siam, 15 years, died today about a month after he had divorced his queen and taken another wife in the hope of having another heir to the throne.

His hopes were not realized and his younger brother, Prince Praja Dhipok, succeeds to the throne. A daughter was born yesterday to the new queen.

Rama VI, who was 45 years of age, recently underwent an operation from an abdominal abscess from which he did not recover. Prior to the operation he had suffered acute gastritis.

Must Have Son
In 1910, it was decided that until King Rama had male issue the succession should be through the queen mother's son.

Last month Rama deposed his queen on the ground that she had not "carried out her duties toward king and country in a satisfactory manner."

The daughter born yesterday to the king and the new queen, Chao Chom Suradana, was the first child to be born to a king of Siam for 33 years, the last being Prince Praja Dhipok, who now succeeds to the throne.

Gets New Queen
When King Rama last month raised Lady Suradana to the rank of royal consort in place of the childless Queen Lakshmi, the following proclamation was issued:

"The king has observed that the new queen has served him with faithfulness and love, and it is fitting therefore that she should be raised to high estate in order to support the rank of the child she will bear his majesty in the near future."

THANKSGIVING SPIRIT IN THE U. S. ARMY

WASHINGTON, Nov. 26.—(P)—Colonel William Mitchell was denied permission today to visit Detroit to see his baby daughter during the Thanksgiving recess of his court martial. His request to the war department was returned marked "disapproved."

IRISH BOUNDARY REPORT IS DUE

LONDON, Nov. 26.—(P)—The British cabinet is expected today to consider the question of making public the report on the Irish boundary over the signatures of Justice Feenham, chairman of the boundary commission, and Joseph R. Fischer, representing the Ulster government, despite the resignation from the commission of Dr. Eoin McNeill, the Free State commissioner. The belief prevails that the British government's legal advisers are confident that the boundary report, signed by a majority of the commission, would be legally binding, but that important legal considerations are to be weighed.

A Dublin dispatch to the Westminster Gazette says that if the British government insists on a report by two members of the commission, a crisis of magnitude would be produced. A boundary finding by two commissioners, the dispatch adds, "would give the forces of revolution the impetus for which they have been waiting for three years."

It would be exploited as an example of bad faith and double dealing on the part of Great Britain and everybody having an interest in the situation regards such an eventuality with feelings of dread. The Free State government is quietly measuring its strength and resources against possible reactionary influences.

Noted Romance Strikes Rocks

CHICAGO, Nov. 26.—(P)—The romance of Frank Lloyd Wright, internationally known architect and Maud Myriam Noel Wright, noted sculptress, that started with their flight to Japan 11 years ago, has ended. She has filed suit for divorce, alleging desertion and cruelty in Baraboo, and it was learned an alimony agreement has been made.

The first desertion came in 1909 when Wright eloped with Mrs. Mamah Borthwick Cheney of Oak Park. They took up their residence at Spring Green, Wis., in a bungalow which he had fitted up at a cost of \$80,000. Five years later Mrs. Cheney and her two children were murdered by a crazed negro butler and the home was burned.

During the seven years stay of Miss Noel and Wright in Japan, he designed the \$3,000,000 Imperial hotel in Tokyo, one of the few buildings to resist the recent earthquake. He also has designed noted buildings in the United States. Under the reported alimony stipulation it was said Mrs. Wright is to receive a lump sum of \$10,000, \$250 monthly alimony and a part of the spring green property.

Mrs. Wright, who before the flight to Japan expressed contempt for "what the world might think," last night said:

"I made a mistake, but I have paid for it. Yet I would do it all over again. Mine was a greater tragedy than Mamah Borthwick's. She is dead, but I live on."

Wright, in a Chicago hotel, refused to discuss the suit.
