### Luck Deserts Veteran Pilot

CULVER CITY, Calif., Nov. 29. (AP)—The band of "Lady Luck" turned from Earl Cooper, veteran pilot, and his fleet green racing car, when most needed, and today the laurels of the 250-mile race victory of yesterday rest upon the brow of Frank Elliott, world was ace.

Cooper with only 20 miles to go, made a pit stop for fuel and Elliott, close on his heels, went into the lead to win, a non-stop race. Up to the time of his stop Cooper, too, drove a non-stop race. The event terminated the 1925 racing season of the American Automobile Association.

### Aggies Boast of Numerous Reserves

CORVALLIS, Ore., Nov. 29. —(AP)—The Oregon Aggie football squad which will leave Wednesday for its final game with Southern California at Los Angeles, will almost break a coast record in number of experienced reserves. A check just made shows that 25 men on the squad have already enough playing time in conference games to their credit to give them letters. California is reported to have awarded 22 letters at the close of this season.

Despite Coach Schissler's practice of making frequent substitutions, one man on the team, Edwards at quarter, has played every minute of the four coast conference games the Aggies have had. Against Stanford, Montana, Oregon and Idaho, this flashy Beaver skipper went the entire period without relief, though Lassiter, his understudy, has proved his ability against Northwest conference teams.

### TAXI MURDERER PAYS WITH LIFE

ing everyone he could think of. Most of the night he spent at the windows of the little room in which he was locked. When visited by the chaplain this morning he was in repentant mood, and according to the chaplain, seemed to have undergone a complete change overnight.

#### Not a Hitch

The chaplain pronounced the execution the most perfect he had ever witnessed, there being no hitch anywhere.

Lloyd was accompanied on the scaffold by Principal Keeper Miller, two guards and the chaplain. Among the persons present from Independence were Mrs. Clinton I. Baun, widow of Lloyd's victim; Irvin Baun, his brother; Mrs. Irvin Baun, R. L. Gaines, W. A. Dickinson, Henry Oberon and Frank Laws.

The two women wanted to enter the execution chamber and see the hanging, but were not allowed to.

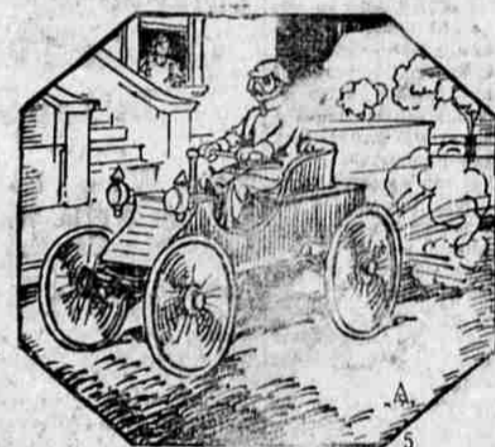

#### History of Crime

On the night of the murder Lloyd engaged Baun, a taxicab driver, to take him to Albany. He shot and killed Baun on the road, evidently for robbery, stole the car, and was caught a few days later at the Dalles.

Lloyd was 26 years old. Prior to the crime for which he was executed he served two years in the Oregon penitentiary for forgery. He now has two brothers in the Oregon prison, Tom Lloyd who was received July 1, this year, to serve a year for burglary, and H. J. Lloyd, received June 5, to serve 2 years for forgery. Both were sent up from Lane county. Another brother, George, is in the state training school. Superintendent Gilbert of the training school says George Lloyd who is 16, is a model inmate. Last Saturday he requested to be allowed to visit his condemned brother and was allowed to see him at the penitentiary.

The parents of the Lloyd boys, Mr. and Mrs. J. H. Lloyd, live at Cottage Grove.

### Small Danger Here

THAT WAS IN THE DAYS of the pioneer automobile that groaned and coughed its way through the streets to the accompaniment of cheers or jeers according to the temper of the crowd.

Today, speed with its dangers is the symbol of the motor car. Accident is lurking at every turn of the road. Automobiles were the cause of more than 469,000 injuries and deaths in 1924.

There is protection as well as prudence for the man who drives. There is financial safety for the man who walks.

Automobile insurance is now a great institution. We shall be glad to explain it to you and to afford you the protection that you need.

### Hall-Mark

What is a hall-mark?

Years ago to insure the genuineness of gold and silver, the British Government granted to the Goldsmith's Company the sole right to determine the worth of coins and precious metals. A mark was impressed in the metal to indicate its genuineness. This marking was done at Goldsmith's Hall in London. Out of this grew the word "Hall-Mark" which became world-known as a stamp of genuineness.

Similarly, THE ASSOCIATED PRESS is the hall-mark of accuracy.

For clean, accurate news, read the dispatches labeled with one of the following hall-marks:
