

U. S. Warships Sent To Chile

WASHINGTON, Dec. 3. (AP)—Two American warships now are at Arica, Chile, where General Perahia is facing a serious crisis in the affairs of the Tacna-Arica plebiscitary commission of which he is head.

The cruiser Deaver in a brief message to the navy department today reported her arrival at the South American port yesterday. The navy department explanation of the move is that the Denver will relieve the cruiser Rochester, already on duty there.

SCOUT SUPPLIES ON HAND

Scouts of the city can secure knot books, knot charts, song books, diaries, scout hand books and booklets for tenderfoot, second class and first class scouts at headquarters in the chamber of commerce. Scout Executive Nord has a full supply on hand.

Klamath Pioneer Called by Death

R. Madson, for over 20 years a resident of Klamath Falls, died in a Stockton, Calif., hospital Monday from heart trouble and rheumatism, according to reports received here today. At the time of his death he was 75 years of age.

Madson was an old time resident of this city. Over 20 years ago he moved here and established a music house. He taught music and at odd times tuned pianos. During the later days of his life, he retired from active business but retained a contact with the life he loved by tuning pianos. His closest friend in Klamath Falls was George Wirtz.

He is survived by a daughter Mrs. F. A. Lyons of Stockton, Calif. and a son Carl Madson. He had left Klamath Falls several months ago for Stockton, seriously ailing with rheumatism.

MANY BOYS ARE TAKING MANUAL TRAINING WORK

Director Russell Kidder is Greatly Pleased With Progress Being Shown

With close to three hundred boys taking manual training under the direction of Russell B. Kidder, it is to be understood why Mr. Kidder is kept busy every hour during the entire school week.

Some splendid work is being turned out by the boys, the students of the sixth grade at the present time completing exercises in planing, which, when completed, gives them perfect control of the plane. Bread boards, hat racks and coat racks have been completed so far this year.

For the first time since manual training has been introduced in the local schools the boys of the eighth grade are taking a course in household mechanics, which takes in all electrical appliances, house construction, door and plumbing.

At the present time these boys are learning the framing of windows, screens, locks and fastenings and are to start on plumbing within the next few weeks, which takes in the care and repair of faucets, compression, self closing, pipe cutting and threading, cleaning and repairing and all that goes to make up the trade of a plumber.

"I feel that in giving the boys this course, they will be able to help their mothers at home in ever so many ways," Mr. Kidder explained as his motive for giving this course.

Pupils of the seventh grade will take up their training in the new building shortly after the Christmas holidays, and with the new quarters modern and allowing much more room, it is expected the work will progress in a rapid manner.

Scouts Will Stage Big Saturday Hike

Plenty of pep is being shown by local boy scouts in the first all-city hike, which will take place next Saturday. The boys are to start out from the chamber of commerce, the boy scout headquarters, promptly at 10 o'clock. From now on, Scout Executive Nord plans to hold these hikes once a month, for the purpose of helping the scouts advance in rank as rapidly as possible.

Murphy Trial To Close Soon

MEDFORD, Ore., Dec. 3. — The defense has closed its case in the trial of Omar W. Murphy, charged with manslaughter, as the result of the death of his wife, Emma, last May. Rebuttal by the state will be finished early this afternoon, to be followed by the final arguments. The case is expected to go to the jury early in the morning or late this afternoon.

MRS. WHITE HERE Mrs. Edna White of Salem, sister of Mrs. Perry De Lap, arrived in the city last evening and plans to visit here for the coming fortnight with her sister and friends.

December Term Opens Monday; Excuse Jurors

Jurors not chosen this morning to serve in the case of State vs. Perry John were permanently excused from further service during the present term of court, by Judge A. L. Leavitt. The jury serving in the case of State vs. John will be permanently excused at the end of the trial.

Next Monday marks the opening day of the December term of court and on that day a new jury list will be drawn by county officials. Because of the proximity of the new term of court, Judge Leavitt today re-set cases for trial that are pending on the criminal docket. Following are the dates set for the trial of criminal cases on the criminal docket:

- 7: State vs. Ben Gay, N.-J., 8:58
- State vs. Arthur Ames, December 7;
- State vs. Ben Gay, December 9;
- State vs. Carlson, December 10;
- State vs. Jacobson, December 11;
- and State vs. Wilkins, December 13.

Stanley Dollar's Bid Is Rejected

WASHINGTON, Dec. 3. (AP)—The bid of the Dollar interests for the Admiral-Oriental line was rejected by the shipping board today. In taking this action the board approved unanimously the recommendation of President Crowley of the fleet corporation. The offer was submitted by R. Stanley Dollar, vice president of the Dollar line.

Announce Sale of Bank in Portland

PORTLAND, Ore., Dec. 3. (AP)—Sale of the Pacific Bank of Commerce of Portland, to the Canadian Bank of Commerce, a local branch of the Canadian Bank of Commerce of Toronto, was announced today by E. L. Thompson, president of the Pacific Bank. The Pacific Bank formerly was known as the Hartman and Thompson Bank.

SEXTON PRAISES BOYS AND GIRLS IN YEAR REPORT

Annual Summary of County Club Activities, Shows Increased Interest

"I feel that the cooperation and spirit shown by the organizations and individuals in Klamath county has become permanent and demonstrates the fact that club work has its place in the educational work in and through the schools of Klamath county."

This statement is the spirit of the annual report of Klamath county club work, submitted to the state club leader by Frank W. Sexton, county club leader.

Thirty-eight standard clubs were organized in 13 Klamath communities during the past year. They included sewing clubs, cookery clubs, pig, dairy, calf, farm accounting, canning, potatoes, garden, beef calf and home making.

Home-making clubs were particularly successful this year and also canning clubs. Two canning clubs in the Midland and Henley districts completed their work 100 per cent.

Twenty-three calves from Tillamook county were shipped into Klamath county and placed in club work. Two club members of the Midland district completed the dairy herd record.

Exceptional interest in the county fair was taken by members of clubs, the report relates. At least 50 per cent more exhibits were on display at the 1925 fair than at the 1924 fair.

Klamath clubs scored heavily at the state fair when Carl Dehlinger won first prize in the potato division, and other club members scored third and fifth prizes in this division.

Charlotte Hossig upheld the honor of girls clubs by annexing fifth prize in sewing at the state fair. She is a member of the Chiloquin Standard Sewing club.

Seventy club members attended the special two weeks summer school session provided by the Oregon Agricultural college last June and received invaluable training as a result. This was the largest club delegation from any county in the state, the report sets forth.

In his summary, Mr. Sexton commends the club work accomplished at Lone Pine, Midland, Henley and Bly, where, he states, the cooperation of parents and teachers showed that the work was appreciated.

ONE Master Recipe for FIVE kinds of cakes

It's certainly a pretty custom to serve cake when guests come. But, since we all do it, there is danger of monotony.

It is to escape that, and escape work, that women find the Sperry Master Recipes so helpful. By learning only three Master Recipes and simple variations of them, they find they can make some two dozen kinds of cake.

One of these Master Recipes—for Layer Cake—is given below. Notice how simple it is and how easily it makes five kinds of cake.

The Sperry Master Recipe for Layer Cake

- 1/4 cup shortening
- 1/4 cup sugar
- 2 cups Sperry Drifted Snow
- Flour sifted with 2 teaspoons of baking powder
- 3 eggs
- 1 cup milk or water
- 1 teaspoon each of vanilla and lemon extract

Cream shortening until it may be beaten with a spoon; add sugar gradually beating until mixture is creamy. Separate the whites and yolks of the eggs. Beat yolks until thick and lemon colored; add to creamed butter and sugar; beat vigorously; then add flour and liquid alternately, stirring the white until batter is smooth; and fold in the well-beaten whites of eggs and flavoring. Bake in three well-greased layer cake pans in a fairly hot oven (360° F.). Use your favorite filling.

Walnut Loaf Cake

Prepare the Master Recipe, adding one-half cup of finely chopped walnuts to the cake batter before folding in the beaten whites of eggs. Bake in a greased loaf cake pan about 45 minutes in a moderate oven (350° F.).

Golden Cake

Prepare the Master Recipe, using four egg yolks and one whole egg. Add these well-beaten to the creamed butter and sugar. Bake in a loaf (350° F.), or in layers (360° F.).

Small Fancy Cakes

Prepare the Master Recipe. Four batter into a well-greased, shallow baking pan. Bake from 15 to 20 minutes. Cool, then cut into fancy shapes and ice. Chocolate, pink, and white icing will give variety, and the tops can be decorated with chopped nuts, coconut, and candied fruits.

FREE booklet of Sperry Master Recipes The fifth kind, White Cake, made with this same Master Recipe, and other Sperry Master Recipes for cakes are given in a new booklet, "EIGHTY Food Delights from EIGHT Master Recipes." All of your baking will be simpler and surer with these Master Recipes. Write; I'll send the booklet FREE.

Much depends on the flour

Beautiful, tempting cakes can be gotten only by using really fine ingredients. And the most important is the flour.

I use Sperry Drifted Snow Flour and recommend it. Perfectly bleached, and always the same, it has given me highly satisfactory results for the past 12 years.

Write me

Have you any baking difficulties that you'd like to have me help solve? Would you like advice on any other problems of food preparation? Just write me about them and I'll gladly help you free. Sperry has made my services yours.
