WASHINGTON.—Would a monument add to or detract from the beauty and impressiveness of the spot where the unknown soldier rests. The War Department wants a monument and will ask Congress for \$50,000 to erect one. This request will meet opposition—just how much is uncertain until the question actually comes up—on the ground that the unadorned slab which marks his grave is the most appropriate memorial to the unknown. Nobody disputes his title to the highest honors the country can pay. The difference of opinion relates only to the manner of paying them.

Congressional investigations are noted for the infrequency with which they achieve any worthwhile results. It remained, however, for Vice Chairman E. C. Plummer of the United States Shipping Board to describe the futility of such inquiries, along at least one line, with the maximum of crispness and compactness of style.

With the recent dismissal of the last of its war fraud indictments the government completed a perfect score. One hundred per cent of its war graft prosecutions have been lost.

TALK TO PRETTY GIRLS IS ONE WAY TO LIVE LONG

OXFORD, Eng.—(AP)—Listen to music, look at beautiful things, chat with friends, wear your best clothes and talk all you can to pretty girls, if you wish to live for many years.

This is the advice given by Professor Friar Bacon of Oxford, where the average age of the heads of all the colleges has reached seventy years.

Among the educators a conclusion prevails, however, that longevity is an accident rather than an achievement.
