

### THE KLAMATH UPLIFTER

Scoop No. 3

With his nice red cheeks, his basso profundo voice and his commanding stage presence, Lynn Sablin makes a peach of a Santa Claus for all respectable Christmas eve parties. The staff artist insisted on putting in those lines about Santa Sablin saying he can't find the chimney. But the artist was too cautious. What Santa Sablin is really saying is:

"I can't find the key-hole."

OWED TO SANTA CLAUS  
I'd like to write  
His bloomin' neck;  
He makes me spend  
My whole month's check.

CHRISTMAS MOTHER GOOSE  
Mary had a little "lamb"  
Like all sweet girlies should;  
And when Christmas came around  
She sure did fleece him good.

Christmas comes!  
But once a year;  
But Prohi cops  
Are always near.

By the looks of some of these stockings we see walking around on the streets, their fair owners must expect Santa Claus to empty his whole pack into 'em on Christmas eve.

And we could name a few fair damsels around these parts who won't have their socks rolled down below the knees when they hang 'em up.

As a matter of caution, we'd advise the girls to remove the bank roll when they take off their socks on Christmas eve. Santa Claus may be a pretty wise dude this year.

This, boys and girls, is a tintype photograph of John Glover, back in the days of innocent childhood before he became a member of the Uplifter club. You can see by the way he's grabbing for the Christmas tree that he is a true disciple of the Uplifters.

Scoop No. 5

Last but not least, this is a mental picture of the turkey we're not going to eat this Christmas day.

### OUR LETTER TO SANTA

Dear Santa:  
If it ain't too  
D— much trouble,  
I'd sort o' like,  
To have you drop  
Into the joint I call  
Home and slip me  
Off a coupla cords  
O' wood; and  
Just between friends,  
If you can see your way  
Clear to gyp some  
Of the other boys, it's be  
Pretty nice if you  
Could shove a sack  
Of spuds inside the  
Kitchen door, and a  
Slab o' bacon on  
The pantry shelf.  
Then, before you start  
For Keno, I'd think  
You'd be a pretty decent  
Sport if you'r write  
Out a check for my  
Next month's rent;  
Then me and the landlord  
Would both be happy.  
Your boy friend,  
THE UPLIFTER.

### Exposition Manager Job Given N. Truax

OREGON AGRICULTURAL COLLEGE, Corvallis, Dec. 15.—Noah Truax of Klamath Falls, senior in electrical engineering, was appointed 1926 Educational exposition manager by the executive council. The exposition will be February 19 and 20.

The annual exposition is one of the major events of the college program, when the college acts as host to representatives from various high schools in the state. The student is given the opportunity to see the work of each school on the campus. The various schools have a separate show, headed by its own manager. These managers are under the supervision of the exposition manager. Several changes are being made in the program for the exposition.

### Enjoy Sunday Outing At Lake O' The Woods

"The roads are in splendid condition and the weather is ideal." This is the word brought back to Klamath Falls Monday by R. L. Nichols, who, with Mrs. Nichols, spent the week end at their lodge at Lake of the Woods. During the summer months Mr. and Mrs. Nichols spent the greater part of their time at their lodge, where so many local people have summer homes and are the latest winter visitors to the popular summer resort from Klamath Falls.

They made the trip to their lodge from Klamath Falls in two and one-half hours, this including the time it took to remove several trees from the road which had fallen across since last traveled.

According to Mr. Nichols there was approximately five inches of snow at the resort and the weather was very little colder than in Klamath Falls yesterday.

### Fred Peterson's Father Succumbs

Sad word was received last night by Fred Peterson, county school superintendent, of the unexpected death of his father, Olat Peterson, aged 71, in Galesburg, Ill., yesterday.

The school superintendent had not seen his parent for 20 years and had planned to visit him last summer, but press of his private affairs intervened. He had planned to visit his father this summer without fail.

### ELECTION TONIGHT

Annual election of officers of the American Legion will be held tonight in the court house.

Miss Elsie Monson of New York is the guest of Bee Begin.

### Hard To Pick A Winner In Main Event Boxing Bout; 2 Scrapbooks Give Little Aid

Records of Both Are Good—Only Way to Settle  
Dispute Seems to be in Squared Circle—Crim  
Promises to Give Sid Herbert What he  
Asked For Before Signing Up—  
Malin Boxer Interests

If you want to pick a winner in the main event slugging match to be held Thursday evening at Scandinavian hall between Sugar Willie Keeler and Jack McGreer—don't let the boys show you their scrap books.

For according to press clipping in the possession of both, neither can help but win.

Pound for pound, Keeler's scrap book is the heaviest. In it is contained the newspaper clippings telling of his rise to the championship of the Coeur d' Alene, where men are men and where even a street fight is liable to involve some pretty fast men.

McGreer's book is less impressive to poundage but equally as good as far as exploits are concerned. There is one thing certain. Newspaper clippings about a fight, written, after it happens, are pretty sure to give the lowdown—and if these clippings are the lowdown regarding the fighting ability of these

two, the card should end in a fight that will be remembered in Klamath county as long as boxing gloves are made.

And incidentally both of them like the looks of Klamath county and would like to stay here awhile. The winner will stay. Figure it out for yourself.

Jack Crim, Modoc Indian, and Sid Herbert, old-time favorite here, are progressing nicely in the training for their party, in which it is believed more gloves will be slung than in many moons.

"He wanted a tough one, did he," said Crim, "Well, from the way I feel now, boy will receive a ringside package containing just what he asked for. I strive to please."

A big turnout from Malin is expected to witness the second ring appearance of "One Round" Hogan, in his attempt to repeat his knock-out over Jim Fleming.

Kid Olson and Mike Mussolino will start the fireworks at 8:30 sharp, in a four-round preliminary which should be a thriller.

Advance sale is better than for the last fight, ample evidence that a taste of heavy boys is to the liking of local ringworms.

## CONQUEROR OF THE MONGOLIAN WILDS

Dr. Roy Chapman Andrews, who startled the world a few years ago by discovering a nest of dinosaur eggs ten million years old, arrived in New York on November 9th from his Third Asiatic Expedition under the auspices of the American Museum of Natural History.

Again he attributes much of the success of his expedition to the astounding performance of his five Dodge Brothers Motor Cars.

Following is a direct quotation from an official statement by Dr. Andrews upon his return to America:

The Gobi Desert in Mongolia is the most extensive undeveloped and unexplored region now left in the world. Until a few years ago it was retarded by the impossibly slow traffic of camel trains, the only means of communication.

But now it is being crisscrossed in every direction by motor cars, or, more correctly by one motor car, the Dodge. Sixty or seventy Dodge Brothers cars are making regular trips far into the interior of this vast waste, bringing out loads of fables, precious furs, wool and other products.

No other car except the Dodge is found there because we have tried it out on each of our three expeditions and have had it demonstrated to our satisfaction that the Dodge is the only car that will stand up under the strain of the roadless desert and do everything we ask of it.

Few people have occasion to subject their motor cars to punishment of this severity. It is reassuring, however, to know that in emergencies Dodge Brothers Motor Car is built to meet the test.

These dependable and sturdy qualities also account for the fact that more than 90% of all the motor cars Dodge Brothers have built during the past eleven years, are still in active service.
