Play this
hunch
and you
can't lose

This is "HUNCH"

—one of the most famous characters in advertising history. Recognized all over the world as the Prince Albert man. You can find his prototype in any town. He's up on politics, baseball and horses, and has the real low-down on pipe tobacco. Name's "HUNCH."

GET out that little old jimmy-pipe. Fill the bowl to the brim with Prince Albert and light up! Will you like it? Man, man! Does a kid like ice cream? Can a bullfrog dive? You bet you will like it, like you never liked anything before.

Because, what a man's smoke-appetite hankers for, Prince Albert's got nothing else except! Yes, sir, you can bet your life on that. You'll fire-up right after breakfast and stay with it till the little blue stars wig-wag "Good night."

Never was a pipe tobacco like good

old P. A. Cool and sweet and soothing, the smoke zooms up the stem, bowling over pet peeves and filling your system with a new kind of joy. And how kind it is to your tongue and throat. That's because the Prince Albert process cuts out bite and parch ab-so-lute-ly!

So, slip into top-speed and head for the nearest store where they hand out jimmy-pipe joy in tidy red tins. If you haven't got a jimmy-pipe, get one now. Then borrow a match and you're all set for a smoke experience!

P. A. is sold everywhere in tidy red tins, pound and half-pound tin humidors, and pound crystal-glass humidors with sponge-moistener top. And always with every bit of bite and parch removed by the Prince Albert process.

PRINCE ALBERT

—no other tobacco is like it!
