

Oregon's Sea Shipments On Upward Trend Missouri Nosed Out of Twentieth Position

WASHINGTON, Jan. 19.—(AP)—Shipments from the state of Oregon overseas during the third quarter year ended September 30, 1925, amounted to \$12,559,121, as compared with \$7,224,368 for the preceding three months previous, according to statistics released today.

Missouri, which in the second quarter of the year led Oregon in exports by approximately \$7,000,000 was nosed out in the three-month period under discussion by the latter state which won twentieth place in the race of all of the states to supply foreign markets. The increase over the preceding quarter is largely accounted for by the facts that grain and preparation of grain, which predominated among the exports of the state during both quarters, rose in the value of their foreign shipments from \$1,663,945 in the second three month period, to \$6,337,566 in the third quarter. Wood and manufacturers of wood ranked next to grains in importance, with exportations totaling \$2,683,615, while canned fruits maintained its important position with exports amounting to \$171,103,142.

Total exports from the United States for the third quarter of 1925 amounted to \$1,170,817,183. This is contrasted with \$1,014,075,892 for the corresponding three month period of 1924, an increase in the 1925 term of over \$162,641,000, and with \$1,068,915,075 for the second three months of 1925, reflecting an increase of more than \$47,000,000, this latter difference representing somewhat seasonal fluctuations.

MEDFORD MILL TO SPEND LARGE SUM ON ENLARGEMENT

Budget Calling for Expenditure of \$900,000 Approved by Directors

MEDFORD, Ore., Jan. 19.—(AP)—A budget calling for the expenditure of approximately \$900,000 for improvements on their local plant has been approved by the executive committee of Owen-Oregon Lumber Company, according to an announcement made this morning by General Manager James H. Owen of this city.

Of this amount, \$300,000 is for the building of a modern, electrical ly equipped mill here, with a daily capacity, double shift, of 320,000 feet. This improvement is still in abeyance, and a final decision will be made within the next two weeks. Plans for the new mill have been drawn.

"There are several problems connected with the new mill," said Mr. Owen, "that require more time. In all events the capacity of the present plant will be increased, if a decision is reached not to build the big mill this year. In case the new mill is not constructed, the present mill capacity will be increased, by a new small mill, erected in this city, or in the timber. If the new mill is built, it will be ready for operation by January 1, 1927."

The expending of the remaining \$600,000 in the budget is certain to work on the improvements. It includes was started Monday and will be rushed to completion.

Klamath Falls, to lower the death rate from drowning.

Townsite Name Opposed. Vigorous protest against the name of the new townsite adjacent to the proposed site of the Weyerhaeuser Lumber mill, six miles from Klamath Falls, was entered last night by the city council. The townsite, known as south-Klamath Falls, has no right to bear the name of Klamath Falls, unless the site abuts onto the boundary of Klamath Falls, it was pointed out.

C. R. Grove has been unable to date, to live up to his agreement with the city council, whereby he was to purchase land for a city dump ground. Councilman Balsiger, announced.

Has Hard Luck

"Mr. Grove has had hard luck," Mr. Balsiger remarked. "He paid down money on a piece of ground west of town and then asked the health officer to inspect the proposed dump ground site. When it was inspected, it was found there was a creek which ran down a draw from the site through Holliday's dairy. The health officer forbade Grove to use the site for this purpose, so he had to give up his first payment money."

Once again the grim spectre of galloping horses trampling down gardens and lawns of city residences, was revived to haunt the minds of the councilmen. Councilman Balsiger reported that a Mrs. Van Camp had been complaining to him of range horses disturbing the peace and quiet of her neighborhood. Instead of the usual "something should be done about it"—the council arose from its lethargy at that late hour and announced that "something shall be done about it." Then, after urging John Veerlings, street commissioner, to hurry and purchase a horse, for patrolling the city, it passed on to the next order of business.

Church Battle in Valley Is Begun

MEDFORD, Ore., Jan. 19. (AP)—Doctrinal differences between the faith, as practiced by the established Baptist church, and the "Almece McPherson, Four Square Gospel, New Movement," teachings, will be told from the witness stand this afternoon by two leaders of the Baptist church in Oregon, as witnesses in the suit of the Ashland Baptist church against the Baptist church, Inc., for possession of church property. They are Dr. W. B. Hinson, D. D., and Dr. O. C. Wright, executive secretary of the Oregon Baptist state convention. Dr. Milliken, religious director for Oregon for the Baptist church, has been called as a witness for tomorrow. Circuit Judge Walter H. Evans, of Multnomah county, presiding, this

MINOTON, Minn. — A huge wolf, driven from the mountains by cold, has been killed 15 miles from Rome,

I hope to tell you!

PRINCE ALBERT is the greatest little trouble-shooter you could pal around with. It smoothes out your smoke-wrinkles toot-sweet. It's got everything you ever wished for in a real, honest-to-Pete smoke . . . and nothing else except! Clamp on the ear-phones and get this message of jimmy-pipe joy.

No matter what your previous experience has been in trying to smoke a pipe, forget it. Write it on the ice! You can smoke a pipe if it's packed with P. A. Yes, Sir! For a fact, they'd have to sue you to get that jimmy-pipe away from

you, once you give P. A. a work-out. Cool and sweet and fragrant, P. A. puts a padlock on pipe-worries and throws away the key. Can't bite your tongue or parch your throat. The Prince Albert process fixes that. Just downright, deep-rooted contentment—morning till midnight.

Quality without a doubt. P. A. is better tobacco . . . naturally it makes a better smoke. You'll say so. Get going! Steer straight for the store where they hand out such happiness in tidy red tins. It'll be P. A. for yours after that.

P. A. is sold everywhere in tidy red tins, pound and half-pound tin tins, and pound crystal-glass humidors with sponge-moistener top. And always with every bit of bite and punch reserved by the Prince Albert process.

At The LIBERTY

In "Smilin' Jim," the current photoplay at the Liberty the star of this western comedy drama, Franklin Farnum, is called upon to essay two distinct characters. As Smilin' Jim, the westerner, he enters the town of Ridgeville to escape the sheriff of the neighboring county, who has im-

licated him in a crime of which he is innocent. As Frank Harmon, an eastern oil expert, he portrays the part of Smilin' Jim's brother, seeking Jim in Ridgeville to tell him that he has been cleared of all complicity in the crime.

At the PINE TREE

Although Rudolph Valentino was born under the romantic Italian skies, he plays an Italian part for the first time since he became a star in "Cobra" which will be shown at the Pine Tree theater beginning tonight.

He has interpreted nearly every other nationality. In "The Four Horsemen" he was an Argentinian. In "The Sheik" he was an Arab. In "Blood and Sand" he was a Spaniard. In "Monsieur Beaucaire" he was a Frenchman.

In "Cobra" Valentino plays an Italian count with a weakness for the ladies. His appeal to women leads him, against his own will, into an affair with the wife of his best friend. This has a tragic and dramatic climax—one of the strongest situations in which the star has ever appeared. Nita Naldi, who has reduced her weight to 123 pounds, plays the cobra woman. Gertrude Olmstead, blonde and whole some, has the sympathetic feminine role.
