

## The Making of a Man is in the food you serve him

Give a man the food that builds his sinews and quickens his energies. Give him the food that keeps him fit. Then you arm him for any task.

In a single grain of wheat Nature has stored all the food elements that man needs for health and growth. And not only the right elements, but in the right proportions.

Any wonder, then, that SHREDDED WHOLE WHEAT is the perfect food for brain and brawn. Proteins, vitamins, mineral salts, along with the bran and all the rest of the whole wheat are retained in their natural, perfect proportions—cooked, shredded and baked—ready to serve, tempting to the appetite, and easy to digest.

Fit the man for success! Give him Nature's balanced food!

## FARMING IS NOT CLOSE TO ROCKS

URBANA, Ill., Jan. 22. —(AP)—Agriculture may be distressed, but it is far from disabled, and in the long run will have its measure of prosperity, said W. M. Jardine, secretary of agriculture, addressing the annual meeting of the Illinois Agricultural association here today.

"When the tide turns badly against us, it but sets in motion those forces which ultimately will swing it in favor again," he said. "If the experiences of previous generations teach us anything, it is one of the best times to buy a farm when farming seems in poorest repute."

"It is essential to have the best possible readjustment of production and market requirements. Rapid progress has been made in recent years by public agencies in collecting and disseminating the necessary information which helps farmers to adjust their production programs to the consuming demands — to give

him great advantage in his planning.

"It is essential to have the utmost efficiency in farm operation. Every farm management study that has been made reveals a wide range in farm business organization and methods. On one side of a line fence is a man who organizes his business expertly, who plans ahead, who uses his labor to advantage, who gets high yields from his fields and his animals. On the other side of the fence his neighbor may worry along on a haphazard basis, his crop yields be low par, his livestock more of a liability than an asset. There is no formula under the sun that can guarantee the wall being of the inefficient producer."

The second angle of approach to the problem he termed the public angle, which must function when the individual farmer has put his house in order. The case of agriculture must be understood in terms of national welfare rather than merely partisan gain.

### READY TO FIGHT

WASHINGTON, Jan. 22. —(AP)—Representative Blanton, democrat, Texas, substituted a silently nodded "Good Morning" for a promised "Good Licking" when he met Repre-

sentative Reid, republican, Illinois, today, but he took occasion to assail the Illinois member in a statement. The two clashed last night at a meeting of the house committee considering legislation for the District of Columbia and the talk of a "licking" followed.

### HILDEBRAND

Leonard Ritter was transacting business in Klamath Falls Wednesday.

Charles Drew of Merrill attended the road meeting held at the Hildebrand school house Thursday.

Albert Beck of Hildebrand made a business trip to Bonanza after a load of grain Thursday.

Mr. and Mrs. Albert Beck were in Klamath Falls Friday.

Joe Smith and Adam Weedman spent Friday evening at the Leonard Ritter home.

A party was given at the E. P. Pool home Saturday evening January 16. Everybody had a good time.

Charles Woelk was transacting business in Klamath Falls Friday.

Vince Bodnar made a business trip to Klamath Falls Monday.

W. O. Smythe and Mr. Boattl were transacting business in Klamath Falls Monday.

Wills Hoover attended to business matters in Klamath Falls Monday.

Pete Johnson was transacting business in Hildebrand Tuesday.

Roy Drew has been absent from school on account of illness.

## CRUCIAL GAME TO BE PLAYED IN K. F. HALL

Merrill Hi and Klamath Hi to Struggle for Basketball Supremacy

Klamath Falls high school will meet Merrill high in one of the most important basketball games of the season at the new legion hall tonight. Merrill, last year's county champions, is going stronger than ever and Klamath high must beat them to stay in the running for the cup. Merrill has several victories to her credit already this year, while Klamath high has been held idle due to no place to play. The game tonight should be one of the best of the season as both teams have everything at stake. A victory for Merrill will put them on easy street as far as the championship is concerned and they are out to win. Should Klamath high upset the dope and win they must be given a great deal of credit and will be real factors in the race before the season is over.

### Surety Concerns

reports today at the convention here of the Associated General Contractors of America. It shall, Jr., general manager of the association, presented a statement reviewing the grievances of the contractors and suggesting remedies for the conditions of which the contractors complained.

Bonding of irresponsible contractors who frequently fail to carry out their obligation, resulting in heavy losses, it was pointed out. Agents of surety companies often fail to investigate bidders for contracts and allow bonds to individuals who are not qualified to carry out the contracts which they obtain.

Remedies suggested in Mr. Marshall's report included the separation of the selling and investigating functions of agents by means of regional investigation bureaus, and the adoption of suitable underwriting standards based on scientific investigation.

### At the PINE TREE

A selected gathering of sparkling novelties, high powered jollity and humor together with many clever bits of song and dance will be presented at the Pine Tree theatre for the last time tonight.

This extraordinary bill is headed by the Arrowsmiths in an athletic novelty with knock-about and acrobatic stunts, Roman rings and cradle. In an act of this kind, the male member usually does all the feats of strength, but in this case, the little lady does her share. She possesses what might be termed superhuman strength and endurance. Lyle Harmony Four, "The Singing Jesters, render perfect harmony and natural comedy in new songs, sung in a rollicking harmonized syncopated style. Much additional pleasure can be figured on. Walley & Harcourt, a versatile pair of entertainers, appear in a novel idea of presenting a comedy and singing offering which speaks for itself. Dainty Dorothy Waters, "The Girl with the Wink," is the last word in versatility and cleverness and is a revelation in vaudeville. As a juvenile star, she has no equal. LeRoy & Betty in "Covering Territory" present comedy songs and patter arranged and presented to make a most amusing bit, essayed by two sterling artists of ability and class.

### WILLARDS FROM MERRILL

F. A. Willard a rancher of prominence in the Merrill section is here on business affairs today.

### FLETCHERS RETURN

Mr. and Mrs. Fred Fletcher returned this morning from Medford where they motored on Wednesday. While in the valley city they attended Sousa's concert and transacted business affairs.

### BUNNELL APPOINTED

Klamath County Judge R. H. Bunnell, was appointed one of an executive committee of six to investigate the proposed move to petition the federal government for taxes lost by reason of diverting the Southern Pacific railroad of title to the O. & C. grant lands, according to W. A. West, deputy district attorney. Who has returned from Portland where he attended a meeting of county judges of Oregon.

## CONQUER CONSTIPATION EASILY

Kellogg's ALL-BRAN relieves constipation because it is 100% BRAN

Mr. McEnery tried part-bran substitutes — but only ALL-BRAN brought complete relief. Here's what he says:

"For fifteen years I was constantly bothered with constipation. . . . About two years ago I tried out mixed bran and corn flakes but did not get much relief. Some eighteen months ago, I began using Kellogg's ALL-BRAN. From the first week to this good day, I have never had to take a dose of any laxative medicine of any description."

JAMES D. McENERY, R. F. D. No. 4, Alto, Texas. Constipation is the enemy of health. The cause of more than forty diseases. Don't let this in-

sidious trouble send its poisons through your body. Pimples, spots, before the eyes, indigestion and headaches—are warning signs.

Kellogg's ALL-BRAN is guaranteed to relieve constipation or your money is refunded. Delicious with milk, fruit or with other cereals. Fine in cooking.

Made by Kellogg in Battle Creek, Michigan. Sold by all grocers. Served everywhere.

Kellogg's ALL-BRAN
