FROM ROCKY POINT

On one of his frequent business visits to the city from his home at Rocky Point, D. J. Puckett registered at the hotel White Pelican last evening.

YOUR SPRING SUIT

The day is very close when you will be able to discard that old heavy winter suit in favor of one of the lighter ones which every well dressed man will wear in the spring. It is up to you to make that one something more than just a suit. You can have it hand tailored to your own individual measurements and you can select the material from the largest stock of imported and domestic fabrics to be found between Portland and San Francisco.

I suggest that you make your selection now while you have the whole field to pick from.

Winter or Summer

Buick Performance is Better

AT ZERO, BUICK Automatic Heat Control means easy starting and smooth running immediately. In every temperature, from Key West to the Canadian border, this exclusive Buick feature insures gasoline economy, automatically, and at all speeds.

Buick mechanical 4-wheel brakes make secure, footing that is insecure. Through two winters and two summers half a million Buicks have proved their all-year dependability of the

Buick type of brakes. Their direct, mechanical action is not affected by weather changes.

And not even a blizzard will harm the Buick Valve-in-Head engine. Every point where metal would rub metal is lubricated under pressure. A flood of oil is forced everywhere, as soon as the engine starts.

You will not find another car today, regardless of its price, with its performance so perfectly protected. Winter or summer, a Buick is better!

BUICK MOTOR COMPANY, FLINT, MICHIGAN
Division of General Motors Corporation

Reiter Buick Six Cylinder Valve-in-Head motor cars range in price from \$1125 to \$1995, f.o.b. Buick factories. Among the Buick open and closed models there is one that will meet your desires exactly.
