The Greatest January in History!

Announcement of tremendous price reductions and vital improvements was followed by the greatest January in Dodge Brothers history.

Retail sales for the four weeks ending January 31st were 14,943, an increase of 67.4 per cent over the same period of 1925.

Mid-summer business in January!

When the drastic reductions went into effect, Dodge Brothers, Inc. said frankly that they were offering the greatest values in their history.

How well the public realizes that these really ARE the greatest values is proved in a definite and emphatic way by the remarkable record for January.
