It plays a big part in a man's day!

Is Friend Husband a bit unreasonable at times about his morning cup of coffee? You can hardly blame him. Coffee plays a big part in a man's day.

In fact, many a man doesn't feel "wound up" for the day until he's had his M-J-B. For M-J-B gives a man what he likes in coffee: a rich, full-bodied flavor that "gets home"—that fills him with contentment and good feeling!
