Guard Against "Flu" With Musterole

Influenza, Grippe and Pneumonia usually start with a cold. The moment you get those warning aches, get busy with good old Musterole. Musterole relieves the congestion and stimulates circulation. It has all the good qualities of the old-fashioned mustard plaster without the blister.

Rub it on with your finger-tips. First you feel a warm tingle as the healing ointment penetrates the pores, then a soothing, cooling sensation and quick relief. Have Musterole handy for emergency use. It may prevent serious illness.

To Mothers: Musterole is also made in milder form for babies and small children. Ask for Children's Musterole. Jars & Tubes

BLIZZARD HITS SOUTH AND EAST

(Continued From Page 1)

Montana cities are experiencing the coldest weather in nearly a year and one treasure state city—Livingston—had the two coldest days, Sunday and Monday, on record since December 27, 1924, when the mercury sank to ten degrees above zero.

Even in Arizona the cold wave has been felt and at Phoenix took the form of record breaking rains. A rainfall of 1.19 inches on Monday was the greatest single day's precipitation registered during the month of March in that city for 31 years.

In Colorado Springs wild ducks, chilled by the sudden change, dropped down to wading pools in the parks and refused to be disturbed even by the close approach of children.

DALLAS, Texas, March 30.—(AP)—The claws of a tiger-like March today sank deep into this state which a few days ago was warming under a lamb-like spring.

The conclusions of the dying month wreaked vengeance in a storm which cut through Houston, Beaumont, Liberty and surrounding towns, causing at least two deaths, brought Amarillo its greatest snow in eighteen years and played freakish pranks throughout the state.

The western plains were covered under a deep snow and slush, while Galveston along the gulf basked in a balmy sunshine, fearful its turn would come next.

The storm about Houston and Beaumont caused damage which may mount to several hundred thousand dollars and it is feared may have resulted in several deaths.

Jack Kelly and a man named Brown were killed at Liberty, and a man named Robert's was seriously injured. He was rushed to Houston by train, but is believed to have small chance of recovery.

The three men were employees of the Peer Oil company, and had just gone to work when the storm struck. The wind swept a path of about half a mile wide through the South Liberty oil fields. Virtually every derrick and building in the path was demolished.

MRS. McCROSSIN STILL HUNTED

deputies, who the sheriff claims did not hold a warrant for her arrest but who were merely delivering a telegram.

Mrs. McCrossin left Sunday noon for the south, it is believed. The taxi-cab in which she was taken returned last night.

Despite the fact that Hawkins disclaimed any interest in the whereabouts of Mrs. McCrossin, it is said that deputies attempted to locate her Sunday afternoon and made inquiries this morning concerning her destination after she had fled Sunday.
