\$56,250 Commission Alleged Due in Sale of Siuslaw Boom Holdings

EUGENE, Ore., April 7. (AP)—George T. Mickle and W. T. Culver have filed suit in the Lane county circuit court against T. C. Starret, of Detroit, Mich., seeking judgment in the sum of \$56,250, alleged due as a commission on the sale of the

Starret and Hovey timber and boom holdings in the Siuslaw river last winter. The holdings were sold to the Stout Lumber company of North Bend for approximately \$1,500,000. The plaintiffs in the suit allege that they had a contract with the defendants to furnish a buyer, and that the contract was fulfilled on their part.

The contract, according to the complaint, called for a commission of \$75,000 and \$56,250 of it is held to be payable now.

NEW WHEAT TO OPEN VAST LAND IN NORTH CANADA

Garnet Variety Ripens 10 Days Earlier than Marquis; More Hardy

WINNIPEG, Man., April 7. (AP)—Forty million acres of virgin land in western Canada will be opened to settlement through the discovery of garnet wheat, new early maturing variety, the dominion department of immigration announced today.

"Garnet wheat ripens ten days earlier than Marquis, the present staple variety of Canada and the United States," said a bulletin. "This means that it will be possible to grow the new wheat successfully in areas further north where Marquis would never mature, by advancing harvest time ten days. Garnet wheat has opened a vast new agriculture empire 100 miles deep by 900 miles wide stretching across Manitoba, Saskatchewan and Alberta. Growing under practical farming conditions has demonstrated that Garnet stands dry weather better than Marquis, that it is more immune to the dangers of rust, and is not injured by excessive moisture."

circulation than either suburban or country districts," he explained. "This is because advertisers have come to realize that it is the city circulation that brings the business."

Perhaps it is hard to realize it, but on a Saturday night, newboys on the streets of Portland sell 17 tons of Oregonians, that on the following day eight more tons are sold at news stands, that in country districts 50 tons are sold and in suburban districts 60 tons.

"I think we hold a record in trucking newspapers to patrons. Every day of the week we haul Oregonians 254 miles from Portland to Bend to serve 1200 subscribers.

Half Million Leave Farms In One Year

Exodus to Cities Shows Steady Increase During 1925

WASHINGTON, April 7. (AP)—A decrease in the farm population of the United States of nearly a million in 1925 is reported by the de-

partment of agriculture which estimates the number of persons living on farms January 1, 1926 to have been 39,655,000, compared with 31,134,000 January 1, 1925.

The estimated net movement away from farms last year amounted to 901,000 persons; but there was an estimated excess of farm births over farm deaths amounting to 422,000 which reduced the loss due to cityward movement to 479,000.

Auction Sale Of Rail Line Is Postponed

Judge Issues Restraining Order Halting Action Today

LAGRANDE, Ore., April 7. (AP)—The Central Railway of Oregon, a 16 mile road connecting Union and Cove with the Oregon Washington Railway and Navigation company's line at Union Junction, will not be auctioned off by Sheriff Jesse Breshers today, as was scheduled.

An order restraining the sale and providing for the appointment of a receiver was issued yesterday by Circuit Judge J. W. Knowles of Lagrande, following the filing of a complaint by A. W. Middleton and the Blue Mountain Lumber company, asking for the court to take this action.

Wilbur B. Davis of Union was appointed receiver.

This ends an attempt by the Ray Woodbury company and Ed Wetzel of Spokane, to have the railroad sold to satisfy claims of more than \$2,200. The sheriff's sale was scheduled for March 24, but was twice postponed for seven day periods, at request of owners.

The railroad was recently appraised at more than \$114,000, according to a report issued by the state public service commission.

Magazine Not Obscene, View

Mencken Freed, Had Sold Copy of American Mercury

BOSTON, April 7. (AP)—H. N. Mencken, editor of the American Mercury, was acquitted in municipal court today on a charge of possessing and selling obscene literature. He was arrested Monday when he sold a copy of the April issue of his magazine on Boston Common.

In announcing his decision Judge Parmenter said the story was "not salacious and did not tend to corrupt the morals of youth, as charged."

The judge sustained the argument of counsel for Mencken that the magazine was distributed primarily for an intellectual group and that the article itself "would not tend to bring lascivious thoughts to any person of that type."

Hunt Prisoner Wearing Hobble

SALEM, Ore., April 7. (AP)—With both feet shackled, Leonard Moser, 18, an inmate of the state institution for the feeble minded, is wandering about somewhere in the environs of Salem. The boy is almost completely devoid of mentality and it is necessary to keep him hobbled at all times with light shackles to keep him from getting too far away from the institution. He succeeded in escaping last night, however, and has also escaped before. The authorities expect to find him today.
