FIRPO IN MOVIES
BUENOS AIRES, April 13. (AP) — Luis Firpo is in the movies here as Jack Dempsey and Gene Tunney. He plays the part of a cowboy in the "Return of the Wild Bull." Like Gene and unlike Jack he has not considered it necessary to have him-

self beautified. And unlike either he's going to devote all his time to the ring in the future.

P.A.

is pippin pipe tobacco

THOSE fellows who get so much fun out of a pipe—don't envy them... emulate them! Get yourself a jimmy-pipe and a tidy red tin of Prince Albert. That's what they did, and look at them. Wearing smiles a mile wide. Puffing away on good old P. A. and happy as ducklings in their first rain-storm.

There's no trick about it... no deep, dark secret. P. A. is pippin pipe tobacco, made for pleasure and lots of it. Prince Albert is mellow as moonlight on a silent summer sea. Fragrant as a breeze that filters through apple-blossoms. Cool and sweet in a way that spells comfort to a pipe-smoker.

Not the least of P. A.'s virtues is the kindly way it treats a fellow's tongue. The Prince Albert process cut out bite and parch years ago, thereby opening the gates to smoke-peace for millions of men. No matter how hard you smoke P. A., there is no protest from your tongue or throat.

To make sure that you are not missing the full enjoyment of your pipe, go to the nearest tobacco shop and tell the man you want a tidy red tin of Prince Albert. He knows of hundreds of men that have found the enjoyment that's waiting for you. There's a revelation coming to you with a pipe—and P. A.

P. A. is sold everywhere in tidy red tins, pound and half-pound tin humidors, and found crystal-glass humidors with sponge-moistener top. And always with every bit of bite and parch removed by the Prince Albert process.

PRINCE ALBERT

—no other tobacco is like it!
