

RAGING VOLCANO GOES TO SLEEP

Final Quiver from Mountain Monster sends Lava flow Tumbling to Sea

HILO, T. H. April 21. (AP)—With a threatening defiant gesture of contempt for its audience, Mauna Loa, the "long mountain," quivered, spouted forth several feeble fountains of fire and calmly dozed into a comparatively peaceful sleep last night.

The volcano's last gesture was to send a lava flow racing from 20 to 25 miles an hour into the sea for several hours late yesterday afternoon just before its activity ceased.

The great volcano that for six days had been heaving up millions of tons of liquid fire from a half dozen different sources, turning its graceful long slopes into weird, fanciful appearing heaps of morass, last night was smoldering only intermittently while dark clouds of steam arose from parts of its desultory spillways and scattered over the southern side.

Fighters On Thursday Card About Evenly Matched, View

Lewis, About Whom Little is Known Here, Declared to Have Good Chance by Bend Fans; Woods Ranks Favorite

Everything is set for the elimination boxing card to be staged at Scandia hall Thursday night.

Johnny Trambitas, of Portland, and Frankie Lewis, the wandering Klamath Indian, are reported in what is sometimes referred to as the pink of condition. Spec Woods, Fred Greenlee, Frankie Doyle and Wilbur Harrington, who are down to furnish the remainder of the program, all are on their toes and ready for the gong.

Trambitas, well known here as a seasoned ringman, with punitive powers in either hand, declares that he is easily confident of his ability to handle Lewis.

certain of clearing the first hurdle in the projected series of bouts, but that he'll be there when the finals are called for, and that when the smoke clears away Benny Dotson no longer will be king of the Klamath country lightweights.

A little group of sportsmen from Bend hold quite a contrary opinion to that of Trambitas. They have seen Lewis in action, they say, against taller, heavier opponents and talk easily about backing their favorite with what loose change they have.

Equally in favor with the main event in the minds of the fans is the six rounder between Spec Woods and Fred Greenlee. Woods is favored

to "take" Greenlee, but the Bend battler is a hard puncher, and may be able to place one where it will do the necessary damage.

A crowd of about 200 saw the workout last night at Scandia hall. It will be repeated tonight at 6:30.

PORTLAND, Ore., April 21. (AP)—Weldon "Toughy" Wing, Portland lightweight, won a ten round decision over Len Malody, of Laramie, Wyo., here last night. A big margin in the last frame gave the local boy the fight.

Dixon Winner in Blackwell Match

EUGENE, Ore., April 21. (AP)—George Dixon, dusky Portland boxer, won a technical knockout over Joe Blackwell of Eugene in the early part of the sixth round of a scheduled ten round main event at the Winter Garden boxing program here last evening.

Blackwell was knocked down in the fifth, just before the bell rang and was still groggy in the sixth. He was again knocked to the canvas for a count of 9 in the sixth, and when he sagged to his knees again the bout was stopped. Both weighed in at 147.

At the PINE TREE

One of the most significant productions looming up on the motion picture horizon is D. W. Griffith's spectacular jazz epic, "That Royle Girl," which makes its local debut at the Pine Tree theatre next Thursday. It is a melodramatic screen version of Edwin Balmer's powerful novel which created such a tremendous furore when it was first published serially in the Cosmopolitan magazine.

That Mr. Griffith was not stingy of talent when assembling his cast is evidenced by the presence in the film of such capable and popular players as Carol Dempster, W. C. Fields, James Kirkwood and Harrison Ford.

It was inevitable that "That Royle Girl" should find its way to the silver sheet, for its intensely dramatic plot of a flippant, beautiful, pleasure craving flapper's adventures in the fast, rough, roaring jazz-belt and underworld of Chicago is loaded with all those sure-fire elements that go to make up a swift, exciting and heart-appealing picture.

But only Griffith, with his consummate artistry and directorial genius, could have added those subtle, delicate, human touches and re-inforced the whole with an amazingly realistic cyclone for a climax, that stamp the production as one of the photoplay classics of all time.

Ball Meeting Gives League Boost Friday

Meeting to be Held at Crest of Siskiyou April 23

YREKA, Calif., April 21.—Siskiyou will have baseball during 1926 and the life of the Siskiyou-Klamath Baseball association will continue for another year.

The teams to participate will probably be Yreka, Medford, Klamath Falls, Dunsmuir, Weed and Mt. Shasta and the season may open May 15.

This much was decided at the first regular meeting of the association at the city hall here Friday night when representatives from the interested towns met and agreed to hold a formal organization gathering at an inn on the summit of the Siskiyou on the Pacific highway on Friday evening, April 23, where final plans will be arranged, following a banquet.

Three Plans Discussed
President J. P. McNamara was in the chair and the problem of one eight-club league, one six-club league or two four-club leagues formed the principal topic and this question was not finally passed on, the directors feeling that by next Friday night a definite conclusion could be reached.

The purpose of holding the meeting on the Siskiyou was that the place chosen brings the California and Oregon clubs from comparatively equal distances.

J. P. Kenealy of Mt. Shasta and Yreka was appointed a committee of one to arrange for the gathering.

R. F. Delegation Present
The Klamath Falls delegation included Ed Hodge, C. S. Curran, W. S. Wiley, R. L. Durbin and C. A. Hayden, all of whom wanted to do what would be best for baseball in this region.

The question of permitting teams in the league to get imported pitchers and catchers or to keep the personnel of each team limited to the amateur players in each town proved another stickler to be laid over for the time.

Ashland Fights Baseball
Ashland is in the throes of trying to get Sunday baseball, the national sport there being blocked by the city council. A newspaper campaign has been inaugurated to permit Sunday ball and if the city fathers of the Lithia center experience a change of heart, it is possible a team will be formed there.

Miller, a jeweler of Portland, was convicted in the lower court for Multnomah county of a charge of involuntary manslaughter, resulting from his running down with his automobile and fatally injuring Mrs. Alma Hall. He was sentenced to a year in the state penitentiary. The state supreme court upheld the lower court. Miller then petitioned for a rehearing, but this was denied by the supreme court here yesterday.
