More than 12,000 people murdered
in this country last year, and
only a few of the more bootleggers.

Make Your Speedometer Your Cash Register

YOUR SPEEDOMETER will tell you the truth about
your tires' cost.

One CTC tire on your car will prove to your complete satisfaction
that CTC's are the cheapest tires you can buy. They
actually deliver greater mileage, and mileage determines
the actual cost to you. Your speedometer will prove that.

CTC's are built differently than other tires—that's
part of the secret. And there are ten other exclusive
engineering features that are built into CTC tires
for one reason only—more mileage.

No other tire has the scientific tread design and the
extra-tough secret process tread stock of CTC, that's
why no other tire built gives equal mileage.

There's a CTC dealer near you—talk with him. He
has a money saving story for you that your speed-
ometer will check up.

Give Your Money a Chance

BUY A STUDEBAKER—the best way to get out
of the habit of buying a new car every year.

A few months ago we published the names of 274 Studebaker owners who
have driven their cars between 100,000 and 300,000 miles. Names of dozens
more continue to come in. The list is fast nearing the 500 mark. That's the
proof that your motor-car dollar will buy three—four—five years and more
of dependable quality transportation in a One-Price Studebaker—if you give
it a chance.
