Winning and Holding Good Will

There is no more enthusiastic group of motor car owners in America than the tens of thousands of owners of the Oakland Six.

The reason they are enthusiastic is simply that this car does everything they call upon it to do, better than any other they have ever owned.

Brilliant speed—flashing acceleration—unmatched smoothness—rugged stamina—these are built-in Oakland Six characteristics.

In addition, the car offers every advanced feature, including Body by Fisher, air cleaner, oil filter, full pressure oiling, interchangeable bronze-backed bearings, Four-Wheel Brakes and the Harmonic Balancer—

—all at prices ranging from \$1025 to \$1295.

By sheer surplus value, the Oakland Six is winning and holding the good will of all who buy it.
