The Record for cooking

a hot breakfast
—3 to 5 minutes

"HOT oats and milk" is the dietetic urge of the day. It's the "balanced ration" of protein, carbohydrates and vitamins—plus the "bulk" to make laxatives less often needed—that world's authorities are advising.

Now you cook it in 3 to 5 minutes. That's faster than plain toast. No kitchen mess or bother.

Why go on, then, with less nourishing breakfasts? Today get Quick Quaker... food that stands by you through the morning.

Your grocer has Quick Quaker—also Quaker Oats as you have always known them.
