How She Gained 10 Pounds in 22 Days

Skinny Men Can
Do the Same

That's going some—but skinny
men, women and children just can't
help putting on good, healthy flesh
when they take McCoy's Cod Liver
Oil Compound Tablets.

As chock full of vitamins as the
fatty, fishy-tasting cod liver oil it-
self, but these sugar-coated, tasteless
tablets are as easy to take as candy,
and won't upset the stomach.

One woman gained ten pounds in
twenty-two days, 60 tablets, 60 cents.
Ask Underwood's Pharmacy or any
drugstore for McCoy's Cod Liver Oil
Compound Tablets and if you don't
gain at least 5 pounds in 30 days
your drugstore is authorized to hand
you back the money you paid for them.

"Get McCoy's, the original and
genuine, and avoid imitations."

INTEREST GROWS IN K.F. MEDFORD GAME ON SUNDAY

"Can They Keep Steady?" is
Big Question in Collec-
tive Mind of Fans

Can they do it?
Are they going to blow up like
last Sunday?

These are the questions upper-
most in the minds of the many
hundred baseball fans who are im-
patiently awaiting the game be-
tween Medford and Klamath Falls
at the fair grounds field next Sun-
day afternoon.

The Pelicans blew sky high in
the fatal ninth inning of their game
with Ashland last Sunday, and the
Lithians won 7 to 6.

Will They Blow Up?

Comes now the question whether
or not they will blow up again in a
pitch against their stronger rivals,
Medford, or will they, under the
harder going, steady down and
crash through with a big victory.
The Pelicans and Medford are tied
for first place.

There might be those who doubt
whether the Pelicans will win from
Medford, but there has been no
silver or gold to back up the belief.
On the other hand, there is money
going a begging on Klamath. If
you don't believe it walk into any
pool hall and talk Medford loud and
long. In a few minutes you will
be surrounded by a flock of fans
with their hands filled with green
backs, wanting to bet their last
centime.

Sage, Saunders or Street, three
S.s. take your choice, Manager Rip
King don't know who he will start
next Sunday; he never does, until
just a few minutes before the game.
The infield, which did a bit of
loose playing last Sunday is tight-
ening up under the stern command
of King. The burly manager has sim-
ply told the boys in plain language
that they will have to straighten out
the kinks and turn out better base-
ball than last Sunday. Every man
on the team has responded to his
order and—well, it really does look
like a Pelican victory Sunday.

Fans Have Great Fight In Store When Starkey And Benny Dotson Meet

There is a young man in this
town, who, when he is not swinging
gloves, is swinging a hammer. He
is married, hard working, consen-
tious and a clean sport.

That is Kid Starkey, Chico light-
weight.

There is another milt slinger in
this town. He is younger, and to
the casual eye does not resemble
the modern conception of what a
pug should be. He is a sociable
chap, always at the dances, and
playing about "with the boys." He
is a great fighter, and also a clean
sport, but not in as good condi-
tion as the hammer swinger.

That is Benny Dotson, Portland
lightweight.

Dotson and Starkey are going to
fight the main event of the boxing
card on the 22nd of this month.
Oh! Boy! How the fight fans
will flock to that scrap.

It's an old story, but will bear
repeating: Dotson has knocked out
Kid Starkey.

Starkey claims a lucky punch,
and there are those who are willing
to bet their last cent that the carp-

enter will show his stuff when they
meet at Scandia hall.

This writer would like to bet his
gold teeth that Dotson will not en-
courage his feat of knocking Starkey
out early in the fight. Starkey is
keeping that old right hand up
where it belongs, and Benny won't
see any more openings.

Wilbur Harrington, just about the
flashiest fighting machine that has
ever strolled off the reservation, will
give Harms one of the toughest
fights he has ever experienced.
Wilbur, who was born with a natu-
ral right and left uppercut, has
been going great guns in Marsh-
field lately.

Johnny Sylvester is trying to get
young Buddy Crim, the little red
skinned cave-man to do his stuff.
Buddy, Jack Crim's brother, sheds
his coat of civilization when he
gets into that ring, and pursues his
opponent about the ring until either
he or the opponent goes down for
the count.

Sylvester is trying to find some-
body who will stand up against the
little warrior.

Paul Has Weight Advantage Over Young Stribling

NEW YORK, June 10. (AP)—Paul
Berlenbach will have another advan-
tage of 3½ pounds tonight when
he defends his world's light heavy-
weight championship against Young
Stribling, of Georgia, in a fifteen
round match at Yankee stadium.
The champion this afternoon sealed
174½ and Stribling 171.

The champion and challenger both
appeared in excellent condition when
they were examined and weighed
before the state athletic commission.
The difference in their poundage
came as a surprise. It has been
expected that Stribling would be
closer to the class limit of 175
pounds.

Public Workouts Now Being Held; Get New Location

Public workouts in an open air
boxing pavilion are being held each
afternoon on Seventh street between
Klamath Avenue and Walnut street
at which Benny Dotson, Kid Star-
key, Wilbur Harrington, Harms and
other fighters who are slated to ap-
pear on the next boxing card, June
22, are doing their stuff.

Attempt to establish a boxing pa-
villion on the corner of Eighth and
Main met with failure because of
the location being within the fire
limits.

Seen in Portland

PORTLAND, Ore., June 10. (AP)—

weight wrestler took two of three
falls from Hugh Nichols of Cedar
Rapids, Iowa, here last night. The
match was one of the fastest ever
seen in Portland. Dorn took the
first fall in 11 minutes 35 seconds,
and the third in 3 minutes 30 sec-
onds. Nichols pinned Dorn for the
second fall in 6 minutes 11 seconds.

er with the Philadelphia Athletics,
has been acquired by the Portland
club of the Pacific coast league, ac-
cording to a telegram from Presi-
dent Thomas L. Turner, of the
Portland club, who is now in the

Lubrication is a scientific sub-
ject. Science as organized
and used by "Union Oil of
California" since 1883, pre-
sents to those motorists
who want the best—

Aristo Motor Oil

Non-Carbonizing Western

Aristo Motor Oil is *all* lubrication, containing
neither paraffin nor asphalt. The hard, flinty
abrasive "carbon" that many motorists find on
valves, cylinder heads and spark plugs after a few
thousand miles of use never comes from this fine
Western oil.

The small amount of residue that Aristo leaves
is a fine, soft, fluffy substance, most of which
blows out with the exhaust.

Motors in good condition which are lubricated
with Aristo, therefore, run several years with-
out the troubles, lay-ups and expense so often
due to "carbon."

A further preventative of "carbon" is the use
of *non-detonating Union Gasoline* with Aristo
Motor Oil. This combination is probably the
most effective that is known.

Torrid Weather Damages Wheat

PENDLETON, Ore., June 10. (AP)—
The past two hot days have done
some material damage to the wheat
of Umatilla county, according to
County Agent Fred Beannon, but he

states that the greater damage was
done during the hot spell of April.
Mr. Beannon estimates the wheat
yield this year at 5,800,000 bushels,
which is a normal yield. He states
that the seven million estimate ear-
lier in the year by some was alto-
gether too high. Hot winds before
harvest time now are the only dan-
gers to the wheat crop.
