TIRED, TENDER FEET

JUST take your shoes off and then put those weary, shoe-crushed, aching, burning feet of yours in a "TIZ" bath.

When your feet feel like lumps of lead—all tired-out—just try "TIZ." It's grand—it's glorious. Your feet will dance with joy; also you will find all pain gone from corns, calluses and bunions. There's nothing like "TIZ." It's the only remedy that draws out all the poisons and acids which puff up your feet and cause foot torture.

A few cents buys a box of "TIZ" at any drug or department store—don't wait. Ah! how glad your feet get; how comfortable your shoes feel.

Bathe Them in TIZ

Weigh 5 Pounds More in Thirty Days

Ask Underwood's Pharmacy or any druggist for a box of McCoy's Cod Liver Oil Compound Tablets. They cost but little, are sugar-coated and as pleasant to take as candy. Skinny men and women take them to speedily put on plenty of good healthy solid flesh and for this purpose they are so extremely good that thin men and women often take on 5 pounds or more in 30 days. As a matter of fact, your druggist is authorized to return your money if you don't take on 5 pounds in 30 days. One thin woman gained 15 pounds in six weeks. Be sure and ask for McCoy's, the original and genuine Cod Liver Oil Compound Tablet—60 Tablets—60 cents—Adv.

The Cyclopedia at Underwood's Pharmacy registered a slight rise in barometric pressure early today. A continuation of pleasant weather is indicated.

Forecast for the next 24 hours: Fair, with moderate temperatures. The Tyson recording thermometer registered maximum and minimum temperatures today, as follows:

High.....76 Low.....43

Speed? Power? Mileage?

Since the first automobile came into the West "Union Oil of California" has been studying these subjects with respect to motor cars. One result is

Union Gasoline

Non-detonating

Union Gasoline provides, and always has provided to Western motorists, the non-detonating feature which supplies full power to the pistons throughout their entire stroke and eliminates all explosive "knocking" or "pinging" on the hills or in heavy pulling—a quality for which Eastern motorists are now buying "special gasolines" and paying 3 cents per gallon in excess of usual prices for them. Yet Union costs no more than other high grade fuels.

Always use Aristo Motor Oil with non-detonating Union Gasoline because this combination minimizes carbon to the extent that motors in good condition are run for several years without it.
