Aged Matron Honored At Home of Daughter

MRS. MARY McGEORGE, one of the respected pioneers of this section, celebrated her eighty-second birthday on last Tuesday. At the home of her daughter, Mrs. George Burton on High street, scores of friends called throughout the afternoon and evening to congratulate the dear old lady, who is still active and keen on current events of the day.

In a little town in Pennsylvania in the year 1844, Mrs. McGeorge was born. Here she remained until she reached the age of 19, when the lure of the West called her. Those were the days of the "Covered Wagon," and with her family this young woman moved west, settling in California. For the past six years she has made her home in this city with her son-in-law and daughter, Mr. and Mrs. George Burton.

During the afternoon and evening Mrs. Burton served light refreshments to the guests who called to extend a cheery word and to clasp the hand of one of the oldest pioneers of this section.

"To know her means to love her, for she always has a smile and a twinkle in her eyes," a close friend of the family remarked.

Business Women Dine At Linkhaven Monday

Covers were laid for twenty-five.

Mrs. Hauger Honors Summer House Guest

ONE of the prettiest parties of the week was the bridge luncheon given on Friday afternoon at Linkhaven over which Mrs. H. E. Hauger presided honoring her house guest, Mrs. Mildred A. Rivers of Tacoma, who is spending the summer months in this city. Bridge was the delightful diversion of the afternoon, following the four-course luncheon which was held in the sun parlor of the attractive rendezvous.

The sun parlor and the dining room were lovely with vases of the season's flowers and ferns. Four tables were in play throughout the afternoon.

Mrs. H. W. Bridgeford held high score. The consolation was awarded to Mrs. Edward H. Pike. The guests numbered sixteen.

Japanese Luncheon at The Goeller Home

DAINTILY perfect in its every appointment was the 1 o'clock Japanese luncheon over which Mesdames H. W. Bathlany, W. R. Boyd and Harry Goeller presided on Tuesday. The affair was given at the home of Mrs. Goeller on Pine and honored the members of the P. E. O. club. The table appointments as well as the menu were carried out in the Japanese motif.

Reports of the state convention held in The Dalles were given by Mrs. Harry Goeller, Mrs. H. W.

Bathlany and Mrs. W. R. Boyd, which proved most interesting to the members.

It costs less
to bring a quart of Veedol
to the Coast . . . than it does
to send a post card to New York

VEEDOL is brought by boat to the Pacific Coast from the great Tide Water refinery at Bayonne, N. J. The cost of shipping represents less than a cent a quart. Isn't that a tiny freight tax to pay for the "film of protection?" That is why increasing thousands demand Veedol by name.

Veedol is refined only from selected Eastern crudes. Over 3,000 tests are made each month to maintain the fighting qualities of Veedol's "film of protection"—a film thin as tissue, smooth as silk, tough as steel. An oil-film that masters deadly heat and friction and keeps your motor sweet-running and free from repairs.

Let the Veedol "film of protection" be your motor's most steadfast defender. Stop at the next orange and black Veedol sign—it is the sign of a good dealer. The best Independent Dealers everywhere display it.

Ask for Veedol by name.
