One Way to Do It

Jim Reed won't have much investing to do in the Second Missouri Congressional district if Clarence Hagedale, above, Democrat of Moberly, Mo., is elected. He has announced that he will raise his campaign funds by selling copies of his speech, "Our Freedom," for 19 cents each. Boys and girls will receive two and a half cents for selling them, and if elected he promises to donate \$2500 to educational purposes in his district.

Ladies' Concert Band Appears Here Tonight

Playing to two audiences tonight and tomorrow night, the Ladies' Columbia concert will open at the American Legion hall this evening at eight o'clock, under the auspices of the American Legion.

This unique organization is composed entirely of young women and is one of the most pleasing musical organizations before the public today. Mme. Francis Knight, the conductor, has been very careful in selecting her girls and has only the very best musicians in the organization, each one being a soloist on her own instrument. The press notices on the concerts given recently by the orchestra are extravagant in their praise. A leading magazine of San Diego, Calif., said of the orchestra:

"Playing to a capacity house on Tuesday night, the Ladies' Columbia orchestra gave the music lovers of this place one of the best musical treats ever offered here. There was not a number on the program but was met with great applause and many numbers were encored several times."

More Dependable Than Ever

Dodge Brothers, Inc., achieved third place in world production this Spring because they have been able—WITHOUT SACRIFICING FUNDAMENTALS—steadily to improve the smartness, comfort and smoothness of their product.

Owners and engineers know well that mechanically the car is sturdier than ever—cost of upkeep lower—and performance more dependable.

Refinements and lower prices have been made possible by spectacular increases in sales. Not by violating the basic tenet of Dodge Brothers success: NEVER TO LOWER QUALITY IN A SINGLE DETAIL.
