

DON'T BLAME HIM

BUDAPEST — Prince Demetero Rosso, secretary of the Italian legation, is being hailed a hero. Fully clothed, he dived into the swollen Danube from an island cafe and rescued the beautiful actress, Paula Osaki.

They quarreled while dining and she tried to drown herself.

The Right Breakfast for Workers

Eat Food that Supplies "Balanced" Ration After Night's Fast

If you feel tired, hungry, "fidgety" hours before lunch, don't jump to the conclusion of poor health. Thousands have unenergetic mornings because they start days with breakfasts lacking in certain food elements.

To feel right, you must have a well-balanced, complete breakfast ration. At most other meals—lunch and dinner—you get it. But breakfast is a hurried meal, often badly chosen.

Thus Quaker Oats, containing 16% protein, food's great tissue builder, 58% carbohydrate, its great energy element, plus all-important vitamins and the "bulk" that makes laxatives seldom needed, is the dietetic urge of the modern day.

It is food that "stands by" you through the morning.

Get Quaker Oats today. Grocers have two kinds: Quick Quaker, which cooks in 3 to 5 minutes, and Quaker Oats.

Price Slashes Cause Jump In Sales Of Tires

Western Auto Company Official Makes Report

As a result of the recent reduction in prices, the sales activity of Western Giant cords, Wear well cords and Western Giant Balloons has been greatly stimulated all over the west. The summer season, according to L. K. Hiatt, local manager of the Western Auto Supply Company, gives every indication of setting new high records for tire sales.

With so many makes of tires on the market, says Mr. Hiatt, the public is in an excellent position to judge comparative values and to reward the distributors who offer the best values with a great volume of business.

"Our tire business has always been good but after the announcement of the reduction in the price of our tires, the sales were greatly stimulated. Coming at the peak of vacation season it gives motorists an opportunity to save money on tires at a time when the economy is most appreciated.

"That is the whole secret of the Western Auto success—the reason why Western Auto today operates over 140 stores—it is that the entire system is so arranged to give the best values for the money and to make satisfied customers."

She'll Smile Her Way In

Mrs. Madeline Marie Menough of St. Louis, who ran for Congress on the Democratic ticket in 1922 and was beaten, is running for the same office this year as a Republican, and she says she's going to smile her way in. But just to help the smiles along, she has adopted a "light wines and beer" platform.

At the PINE TREE

Another unique bill that meets vanderbilt's requirements and is filled with many entertaining novelties, comedy, singing and dancing, will appear at the Pine Tree Theatre today and tomorrow.

The bill is headed by the Sub-Dubs, "The Six Cylinder Girls from Broadway", a bouquet of pretty and talented young girls in a metropolitan revue. They have classy and expensive wardrobe and special scenic effects. They present ensemble dancing numbers. Every foot, hand and head is in unison. Buddy DeLoach in "Polite Patter and Puns" will amuse all who witness him in his rendition of songs, music, & dancing. Olive & Van in "A Perfect Day" present one of the best comedy acts ever seen here and they will undoubtedly prove their advance notices as real laugh-makers. McGarry & Dixon, "The Stepping Stoppers", are syncopating dance experts. They show grace and nimbleness in the art of terpsichore in which they display their wonderful ability. Billy Barlow in "A Unique Athletic Novelty" is an equalizer of more than ordinary ability and does several hair-raising feats with apparent ease.

At The LIBERTY

Today Larry Semon's newest screen endeavor, "The Perfect Clown," comes to the Liberty theater to play for two days.

Semon is his eccentric self, rushing and scurrying through reels of film. A poor, luckless, loveless clerk he attains wealth, the girl and happiness at the finish of a side-splitting comedy. Tearing through doctors in a tumble down blower, and crossing a cemetery in the dead of night, forced to change clothes with an escaped convict—all these situations and then come, tend to insure a fun-loving audience of an evening mirth.

Breakin' in a buckin' briar?

TIME WAS when breakin' in a pipe was bad business. A man might corral a beautiful pipe, a perfect thoroughbred, yet at best it took weeks of wranglin' to get it going smoothly.

But today there's a swift and sure pipe-pacifier for any rough-going, rip-snorting old briar. It breaks 'em in in short order. It is Granger Rough Cut!

For the same mild mellowness that has made Granger so famous as a tobacco for old and tried pipes naturally fits it for this breakin' in business. It takes the raw edge off a new briar ... mellows it and keeps it mellow!

Granger is the only tobacco mellowed by the old "Wellman Secret." It owns exclusive rights to this famous recipe. That's why no other tobacco can match Granger for cool, fragrant mellowness!
