Interest In 1927 Baseball Season Growing; Fans Wonder If City Will Support Team

Will Klamath Falls support a baseball team this year? If so, why is it nothing has been done to start the ball rolling?

These are the questions puzzling hundreds of Klamath fans who cheered the Klamath nine onto one championship—in 1925—and who saw them miss another pennant by a hair line last year.

According to word received here by baseball enthusiasts, Ashland and Medford are already preparing for the 1927 season. That these two cities will again be in the running is almost an assured fact.

Whether Grants Pass will come in, is in doubt. According to word received here, the Rogue River valley nine is faced with some perplexing financial problems whose solution is on-ly possible by the raising of considerable money before the season starts.

A THREE DAYS COUGH IS YOUR DANGER SIGNAL

Persistent coughs and colds lead to serious trouble. You can stop them now with Creomulsion, an emulsified croscote that is pleasant to take. Creomulsion is a new medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs, croscote is recognized by high medical authorities as one of the greatest healing agencies for persistent coughs and colds and other forms of throat troubles. Creomulsion contains, in addition to croscote, other healing elements which soothe and heal the infected membranes and stop the irritation and inflammation, while the croscote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs.

Creomulsion is guaranteed satisfactory in the treatment of persistent coughs and colds, bronchitis, pneumonia and other forms of respiratory diseases, and is excellent for building up the system after colds or flu. Money refunded if any cough or cold is not relieved after taking according to directions. Ask your druggist. (adv.)
